

New Holistic Casualty Approach for Corporate Accounts

Delivering More Value, Together.

Coverages within our Casualty offerings for corporate accounts clients with \$250M-\$1B in annual revenues include workers' compensation, general liability and auto liability.

- Minimum premiums of \$100,000.
- Offering Guaranteed Cost or Loss Sensitive programs.
- Lead, mid and high-excess can be considered.
- Multinational Casualty or package offerings are available for Insureds with international exposures.
- Our Environmental products are a complimentary pairing for workers' compensation and auto liability where an Insured requires expanded pollution coverage under general liability.

Whether you partner with us for one line of business or multiple lines across the enterprise, our corporate accounts products may include comprehensive support services.

Our Casualty Value Proposition

Continuity of Coverage

- Alignment and consistency on coverages by placing primary and excess layers with one carrier
- Ground-up limits, from primary through excess levels
- Seamless account integration that dovetails with AIG's foreign casualty platforms, including primary limits, attachment points and worldwide coverage

Claims Consistency

- Single claims handler for severity claims on the primary and excess
- Dedicated units focus on high severity claims for complex, divisional and fast class, mass tort and construction defect

Benefits of Engineering and Risk Consulting

- Training courses available in Driver and Vehicle Safety, Environmental Safety, Food Safety, Worker Safety and more — available to Insureds through online learning platforms

New Holistic Casualty Approach for Corporate Accounts

Why AIG

Scenario 1

Issue: A communications and technology company was an existing AIG cyber/ E&O and Lexington casualty (primary general liability and excess liability) client seeking workers' compensation and auto liability coverage.

Solution: AIG delivered a holistic solution to the client by writing the new workers' compensation and auto liability coverages, along with providing additional capacity on the Cyber and Lexington renewals.

Benefit: The client benefitted from AIG's Safety and Analytics services along with working with a single insurance carrier on multiple lines of business.

Scenario 2

Issue: An existing AIG Foreign Casualty client in the Energy industry wanted to place its Casualty program with a single insurance carrier, but its incumbent did not offer pollution coverage.

Solution: AIG provided a holistic Casualty solution for the client via quotes across product lines, which included EAGLE general liability, pollution and excess liability as well as workers' compensation and auto liability.

Benefit: The client benefitted from proactive, unified outreach by AIG Loss Control and Underwriting to quickly assess the risk, resulting in a holistic AIG Casualty solution that included pollution coverage.
