

New FleetProtector

GETTING BETTER ALL THE TIME

Standout Cover and Services

FleetProtector has always stood out in a marketplace notable for look-alike policies.

With little to differentiate insurers, price is too often a buyer's main consideration and fleet insurance gets treated as a commodity rather than the valued service it can be.

From the start FleetProtector has aimed to restore quality, service and true differentiation to this segment. As you can see from the summary opposite we have continued to enhance and improve FleetProtector's covers and services. Some of its benefits are unmatched by competitors.

Such as the professional communications expertise we provide (up to £100,000) if a covered accident threatens adverse publicity. (A crisis management expert may help draft press releases or coach senior managers to face the media for example).

Also our medical rehabilitation services are available to any third parties injured in an accident with a vehicle insured by FleetProtector. All this is backed up by the skill and expertise of our commercial fleet claims team.

For more information or to discuss how the new Fleet Protector can work for your business, please contact your broker or local AIG UK office.
