

The Truck Insurance Group

AIG Risk Management The Truck Insurance Group

Whatever barriers small to mid-size trucking companies may encounter on the road to success, the Truck Insurance Group division of AIG Risk Management® (AIGRM®) offers innovative insurance programs designed by industry experts who work closely with clients to fulfill their insurance needs. AIGRM's Truck Insurance Group is a leading provider of comprehensive primary casualty solutions dedicated exclusively to the unique requirements of the trucking industry throughout the United States.

With extensive knowledge of transportation regulatory and risk management issues, The Truck Insurance Group's team of industry experts will work with clients to design a primary casualty program that avoids avoid gaps and duplications, minimizes potential sources of loss, and limits potential claims exposures. We can also combine and/or coordinate program development with a spectrum of products and services available within the diverse member companies of American International Group, Inc. (AIG), creating a comprehensive insurance program that addresses virtually all of your risk management needs.

Diverse Solutions for Diverse Needs

Rare among insurance companies, The Truck Insurance Group focuses solely on the primary casualty insurance needs of the trucking industry. And that means our veteran underwriters have years of experience writing trucking industry segment business and can create customized programs to address your standard and specialized insurance requirements.

Customized Services

Through our integrated services approach, The Truck Insurance Group offers clients a comprehensive insurance program serviced by a team of professionals who are transportation-dedicated underwriting, loss control, and claims specialists.

- **Expert Loss Control Services** – With an average of more than 15 years of experience addressing trucking industry loss control issues, our safety and loss control professionals can provide comprehensive risk assessments of your organization and offer consulting services in safety, fraud prevention techniques, employment practices and training and business practices benchmarking among other loss prevention services. By helping your organization set up best practices to mitigate potential loss, we can help you reduce total cost of risk.
- **Efficient, Effective Claims Services** – The specialized nature of the trucking industry requires fast, responsive trucking segment-focused claims management. From simple to complex claims, our trucking industry-dedicated claims professionals will promptly address your critical claims issues and obtain the most effective results. A toll-free hotline allows you to report a claim 24 hours a day, 7 days a week. Once a claim is reported, you are assigned a trucking industry claims specialist who will be your single point of contact throughout the claims process.

The AIG Risk Management Advantage

As a division of AIG Commercial Insurance, AIG Risk Management provides clients with comprehensive risk management programs that are backed by the financial strength and underwriting of the world's leading international insurance organization - American International Group, Inc. (AIG) - with operations in more than 130 countries and jurisdictions.

AIG member companies serve commercial, institutional and individual customers through the most extensive worldwide property-casualty network of any insurer. In the United States, AIG member companies are the largest underwriters of commercial and industrial insurance.

Financial strength and long-term stability are important factors when selecting an insurance carrier. AIG Commercial Insurance is one of the most stable insurance groups in the world. Our strong financial resources and more than 90 years experience help ensure that clients' claims are successfully and satisfactorily handled – today and well into the future.
