Illinois Insurance Regulation Part 2028, which applies to all insurers that issue, deliver, amend or renew individual or group policies of accident and health insurance in the State of Illinois, has been enacted. This law provides that if any person covered by an insurance policy delivers a valid order of protection against the policyholder or other person covered by the policy, then the insurer is prohibited for the duration of the order from disclosing to the policyholder or other person the address and telephone number of the insured, or of any person or entity providing covered services to the insured. If a child is a covered person, then the right established by this section may be asserted by the child’s parent or guardian.

Insurance Regulation Part 2028 also requires such insurers to accommodate a reasonable request made by a person covered by an accident or health insurance policy to receive communications of claim-related information by alternative means or at alternative locations if the person clearly states that disclosure of the information could endanger the person. If a child is the covered person, then this right may be asserted by the child’s parent or guardian.

Except with the express consent of the person making the request, an accident and health insurer may not disclose to the policyholder: (1) the address, telephone number, or any other personally identifying information of the person who made the request or child for whose benefit a request was made; (2) the nature of the health care services provided; or (3) the name or address of the provider of the covered services.
