

During a Hurricane Tip Checklist

Hurricane season is from June 1st to November 30th. If you live near hurricane prone areas, have a plan of what to do before, during, and after a hurricane strikes. To get ready before a hurricane, here are some tips and suggestions to put a plan in place:

Tips for Business

- Turn off non-essential lighting, machinery and equipment. Anticipate power outages and surges; be prepared to shut down susceptible systems such as computers.
- Board up windows, operate shutters, tie down equipment, etc. as needed.
- Shut off all flammable and combustible liquid piping and gas lines at the source or entry into the property to reduce the likelihood of release if pipes are broken. When equipment or processes must be kept in operation, service to all other areas of the plant should be secured using isolation valving. Pipes should be properly supported and protected from wind and debris.
- Avoid elevators.
- The plant emergency organization should remain on site, if safe to do so, until the emergency has passed. Patrols should be made of the property looking for structural damage, fires, flooding, etc.
- Consider flooding potentials:
- De-energize equipment which may be submerged.
- Move equipment and stock to higher locations or protect with sandbags.
- Verify operation of pumps and other dewatering equipment

Prepare to Evacuate Under the Following Scenarios:

- If you are directed by local authorities to evacuate or given specific instructions, be sure to follow their evacuation instructions and other instructions.
- If you are in a mobile home or temporary structure – such shelters are particularly hazardous during hurricane no matter how well fastened to the ground.
- If in a high-rise building – hurricane winds are stronger at higher elevations

American International Group, Inc. (AIG) is a leading global insurance organization. AIG member companies provide a wide range of property casualty insurance, life insurance, retirement solutions, and other financial services to customers in more than 80 countries and jurisdictions. These diverse offerings include products and services that help businesses and individuals protect their assets, manage risks and provide for retirement security. AIG common stock is listed on the New York Stock Exchange. Additional information about AIG can be found at www.aig.com | YouTube: www.youtube.com/aig | Twitter: @AIGinsurance www.twitter.com/AIGinsurance | LinkedIn: www.linkedin.com/company/aig. These references with additional information about AIG have been provided as a convenience, and the information contained on such websites is not incorporated by reference into this document.

AIG is the marketing name for the worldwide property-casualty, life and retirement, and general insurance operations of American International Group, Inc. For additional information, please visit our website at www.aig.com. All products and services are written or provided by subsidiaries or affiliates of American International Group, Inc. Products or services may not be available in all countries and jurisdictions, and coverage is subject to underwriting requirements and actual policy language. Non-insurance products and services may be provided by independent third parties. Certain property-casualty coverages may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds, and insureds are therefore not protected by such funds.
