Why AIG

**Committed Global Partner**

**ISSUE:**
A global logistics company faced an unexpected reduction in coverage from its existing carrier.

**SOLUTION:**
Working in partnership with the client and broker, AIG quickly mobilized its global inland marine transportation resources to understand their risk and develop a tailored program.

**BENEFIT:**
The client maintained inland marine transportation coverages that addressed their unique risks and allowed them to continue operations without interruption.

**WHY IS THIS IMPORTANT?**
As a committed global partner, AIG’s Inland Marine team can quickly provide customized solutions for clients domestically and worldwide.

---

**Specialized Solutions**

**ISSUE:**
A longstanding client with significant losses was up for renewal.

**SOLUTION:**
The AIG Inland Marine team, in coordination with Underwriting, Claims, Distribution, Actuarial, Multinational, and Captives, worked with the client and its broker to understand the program’s goals and provide a mutually beneficial solution.

**BENEFIT:**
The revamped program enables the client to maintain coverage with a sustainable long-term solution.

**WHY IS THIS IMPORTANT?**
AIG Inland Marine draws on vast AIG resources to deliver flexible, creative solutions that meet clients’ specific goals.

---

**Risk Consulting and Claims Expertise**

**ISSUE:**
A construction client sustained a loss to a brand-new critical excavator that required a specialized inspection and repair.

**SOLUTION:**
AIG quickly mobilized its dedicated inland marine risk engineers and claims team to appraise the equipment on the same morning the loss was submitted resulting in the prompt inspection and repair of the damaged unit.

**BENEFIT:**
AIG Marine Loss Control Engineering (MLCE) and Claims teams enabled the client to limit downtime costs and return to business.

**WHY IS THIS IMPORTANT?**
AIG Inland Marine has the resources to help clients recover from losses.

---

What is AIG Inland Marine?

**Transportation & Logistics**

- Target Risk Classes: Motor Truck Carriers (Vehicle Physical Damage [VPD] & Motor Truck Cargo [MTC]), subject to applicable state laws/regulation; warehousing of all National Fire Protection Association (NFPA) commodity class types; third-party logistics (3PL); ancillary exposures (property, equipment, installation, etc.)
- Broad commodity appetite; up to $25M Per Occurrence / $10M Per Occurrence CAT
- Ability to combine multiple coverages under one policy/limit/deductible structure
- Admitted capability using AAIS forms

**Construction & Equipment**

- Target Risk Classes: Contractors of all types, oil and gas field service contractors, public entity equipment exposures, contractor’s equipment rental and sales and port and marine terminal cargo handling equipment
- Up to $25M in policy limits; $10M for earthquake, flood and named windstorm
- Business Interruption coverage available
- Option for combined program with property and other inland marine coverages

The scenarios described herein are offered only as examples. Coverage depends on the actual facts of each case and the terms, conditions and exclusions of each individual policy. Anyone interested in the above product(s) should request a copy of the standard form of policy for a description of the scope and limitations of coverage.

AIG is the marketing name for the worldwide operations of American International Group, Inc. All products and services are written or provided by subsidiaries or affiliates of American International Group, Inc. Products or services may not be available in all countries and jurisdictions, and coverage is subject to underwriting requirements and actual policy language. Non-insurance products and services may be provided by independent third parties. Certain property casualty coverages may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds, and insureds are therefore not protected by such funds.
