

# MONEY MOVEMENT INITIATIVE

Driving transparent and expedited cash movement that automates reconciliation and improves client experience.

## The Challenge

Multinational risks can be complex to manage and optimize. Cross-border premium payments with multiple stakeholders at the global and local levels can be challenging and lack transparency. Time consuming processes and resource inefficiencies may impact a client's bottom line and affect contract certainty.

## Driving Change

AIG is partnering with two leading global banks to strategically integrate solutions that:

-  **Expedite cash movement across different countries and entities**
-  **Provide cash movement transparency with real time tracking**
-  **Automate cash reconciliation**
-  **Reduce transactional and foreign exchange costs**
-  **Support execution of an efficient end to end process**
-  **Enable clear settlement instructions**
-  **Help clients meet legal and regulatory requirements**
-  **Reduce costs associated with time and resource inefficiencies**

## Goal

To minimize unnecessary cost and provide our clients with market-leading transparent and efficient money movement.
