

# Commercial Inland Marine Insurance

Inland marine exposures rank among the most volatile of property exposures, with risk profiles changing from day to day – even hour to hour. AIG tailors commercial inland marine coverage to address challenging inland marine risks.

## Superior Protection From a Market Leader

AIG has extensive experience underwriting this specialized line of insurance. Our flexible underwriting capabilities and financial strength allow us to tailor insurance products to the needs of the most discerning client.

Moreover, with a proven track record of handling claims effectively and efficiently, our strong team of claims specialists has the ability to treat each unique case with the professionalism and dedication that is required.

AIG can provide coverage on an admitted basis or on a non-admitted basis through Lexington Insurance Company, AIG's market-leading surplus lines carrier. Lexington Insurance is one of the largest underwriters of CAT-exposed commercial property in the U.S. and a leading underwriter of commercial real estate and public entities. We can provide \$25 million in critical CAT capacity, along with up to \$1.5 billion in non-catastrophic commercial domestic limits.

This market-leading capacity is complemented by our unparalleled risk management, loss prevention engineering services and unmatched claims handling expertise to help policyholders better protect the full breadth of their property assets.
