Flexible programs, tailored for client needs including alternative risk management solutions

High quality coverage for multinational risks, including locally admitted policies

Global Marine

Loss Control, Engineering and Claims Services

Expert focus is given to helping insureds prevent losses and mitigate those that do occur. Services include:

Marine Loss Control Engineering (MLCE)

More than a dozen experienced loss control professionals spanning all time zones help policyholders reduce trade and transportation risks and minimize costly delays. Our comprehensive loss control services are based on three core principles:

- Proactive loss prevention – Helping clients avoid losses by analyzing potential exposures and minimizing them
- Reactive loss control – Helping clients prevent future losses by analyzing historical loss frequency and severity trends and acting to address vulnerabilities
- Communication – Maintaining open communication between policyholders and loss control professionals to enhance loss prevention efforts

Policyholders can also take advantage of the expertise of our independent surveyors and loss control experts who specialize in infrastructure projects, cargo, towing, heavy-lift, logistics and warehousing.

Claims Services

Global Marine's network offers clients the best of both worlds. Our policyholders' customers can resolve claims in their own country, language and currency, while the original insured can liaise with regional management to address concerns or requirements. Our claims handlers' knowledge of international marine insurance law and conventions and local regulations enable us to resolve claims quickly and maximize recoveries, delivering tremendous benefit to our policyholders.

Comprehensive Recovery Support

Marine recoveries are central to our approach to claims. Local and regional recovery specialists focus on achieving maximum recovery on every claim. Such efforts help insureds maintain favorable loss experience and keep premiums down.

American International Group, Inc. (AIG) is a leading international insurance organization serving customers in more than 130 countries and jurisdictions. AIG companies serve commercial, institutional, and individual customers through one of the most extensive worldwide property-casualty networks of any insurer. In addition, AIG companies are leading providers of life insurance and retirement services in the United States. AIG common stock is listed on the New York Stock Exchange and the Tokyo Stock Exchange.

AIG is the marketing name for the worldwide property-casualty, life and retirement, and general insurance operations of American International Group, Inc. For additional information, please visit our website at www.aig.com. Products and services are written or provided by subsidiaries or affiliates of American International Group, Inc. Not all products and services are available in every jurisdiction, and insurance coverage is governed by actual policy language. Certain products and services may be provided by independent third parties. Insurance products may be distributed through affiliated or unaffiliated entities. Certain property-casualty coverages may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds and insureds are therefore not protected by such funds.
