Overview
Brokers and Insureds can access several types of reporting through TradEnable. There are many pre-formatted report types, including:

- Policy Turnaround time
- Acceptance rate
- Level of cover
- Portfolio breakdown
- Activity reports
- Policy claims performance

To access the reports:
1. Click the Reporting icon from the top menu
2. Select the appropriate report type

Policy Report
Users can select a specific policy, or group of policies.

Turnaround Time Report
The Turnaround time report gives users the ability to view the turnaround time of the following:

- Credit limit applications
- Increase applications
- Appeal applications
- All applications

These reports can be broken down by Country or a defined Start date and End date.
The scenarios described herein are offered only as examples. Coverage depends on the actual facts of each case and the terms, conditions and exclusions of each individual policy. Anyone interested in the above product(s) should request a copy of the standard form of policy for a description of the scope and limitations of coverage.

AIG is the marketing name for the worldwide property-casualty, life and retirement, and general insurance operations of American International Group, Inc. For additional information, please visit our website at www.aig.com. All products and services are written or provided by subsidiaries or affiliates of American International Group, Inc. Products or services may not be available in all countries, and coverage is subject to actual policy language. Non-insurance products and services may be provided by independent third parties. Certain property-casualty coverages may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds, and insureds are therefore not protected by such funds.
