

## TIP SHEET:

# During a Hurricane

Hurricane season is from June 1st to November 30th. If you operate near hurricane prone areas, have a plan of what to do before, during and after a hurricane strikes. The following tips and actions may be helpful to consider during a hurricane.

### Tips for business

- Designate a member of the Hurricane Emergency Response Team to monitor weather conditions and communicate required actions as regularly as possible.
- Turn off non-essential lighting, machinery and equipment. Anticipate power outages and surges; be prepared to shut down susceptible systems such as computers.
- Board up windows, operate shutters, tie down equipment, etc., as needed.
- Shut off all flammable and combustible liquid piping and gas lines at the source or entry into the property to reduce the likelihood of release if pipes are broken. When equipment or processes must be kept in operation, service to all other areas of the plant should be secured using isolation valving. Pipes should be properly supported and protected from wind and debris.
- Avoid elevators.
- The plant emergency organization should remain on site, if safe to do so, until the emergency has passed. Patrol the property looking for structural damage, fires, flooding, etc.

### Consider flooding potentials:

- De-energize equipment that may be submerged.
- Move equipment and stock to higher locations, or protect with sandbags.
- Verify operation of pumps and other dewatering equipment.

### Prepare to evacuate under the following scenarios

- If you are directed by local authorities – follow evacuation orders and other instructions.
- If you are in a mobile home or temporary structure – such shelters are particularly hazardous during hurricane no matter how well fastened to the ground.
- If in a high-rise building – hurricane winds are stronger at higher elevations.

Additional information about AIG can be found at [www.aig.com](http://www.aig.com) | YouTube: [www.youtube.com/aig](http://www.youtube.com/aig) | Twitter: [@AIGinsurance](https://twitter.com/AIGinsurance) [www.twitter.com/AIGinsurance](https://www.twitter.com/AIGinsurance) | LinkedIn: [www.linkedin.com/company/aig](http://www.linkedin.com/company/aig).

AIG is the marketing name for the worldwide property-casualty, life and retirement, and general insurance operations of American International Group, Inc. For additional information, please visit our website at [www.aig.com](http://www.aig.com). All products and services are written or provided by subsidiaries or affiliates of American International Group, Inc. Products or services may not be available in all countries, and coverage is subject to actual policy language. Non-insurance products and services may be provided by independent third parties. Certain property-casualty coverages may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds, and insureds are therefore not protected by such funds.
