

Notice of Workers' Compensation Preferred Provider Program (PPP)

This information is being provided as an explanation of your rights and responsibilities should you have a work-related injury.

Illinois law allows an employer to offer healthcare services to an employee with a workers' compensation injury through an approved Preferred Provider Program (PPP). The Illinois Department of Insurance requires the PPP network to meet standards for geographic accessibility, adequacy of medical providers, and other factors important to assure the adequacy of medical care to an injured employee. You may choose to be treated by a medical provider in the PPP network subject to the limitations described below. To access the list of medical providers, visit www.aig.com/intellirisk. Select "Find Nearby Medical Care" and then search by "Address" or "Name." Complete the necessary information and click "Continue."

After report of injury to us, you may in writing decline your participation in the PPP. Should you decline participation in the PPP, the law provides that your declination of participation constitutes one of the two choices of medical providers to which you are otherwise entitled to. You may also decline treatment from the PPP at any time throughout your treatment for this work-related injury. However, that declination will also constitute one of your two choices of medical providers, unless the Illinois Workers' Compensation Commission determines that the medical treatment provided to you by the PPP medical provider is inadequate. In addition, the law provides if, prior to report of an injury, you are provided non-emergency treatment from a medical provider not within the PPP, that treatment would constitute one of the two choices of a medical provider to which you are otherwise entitled to. Please be advised that our company may not be required to pay for medical treatment you receive from medical providers outside, or beyond your two choices of medical providers and subsequent referrals.

If you are injured on the job...IN CASE OF EMERGENCY SEEK IMMEDIATE MEDICAL ATTENTION AT THE NEAREST EMERGENCY FACILITY. Otherwise, immediately report your injury to your supervisor or manager.

If the PPP does not have a medical provider who can provide an approved medical treatment, a medical provider not in the PPP, may be used at our expense if you have complied with our PPP's pre-authorization requirements for use of the medical provider who is not a member of the PPP.
