NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND GOING CONCERN

A. Accounting Practices

The financial statements of American General Life Insurance Company ("AGL" or the "Company") are presented on the basis of accounting practices prescribed or permitted by the Texas Department of Insurance ("TDI").

The TDI recognizes only statutory accounting practices ("SAP") prescribed or permitted by the State of Texas for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under Texas Insurance Law. The National Association of Insurance Commissioners ("NAIC") *Accounting Practices and Procedures Manual* ("NAIC SAP") has been adopted as a component of prescribed or permitted practices by the State of Texas.

The Insurance Commissioner of the State of Texas has the right to permit other specific practices that deviate from prescribed practices. Such permitted practices employed by AGL include the following:

At December 31, 2022 and 2021, AGL used the following permitted practice that resulted in reported statutory surplus or risk-based capital that is significantly different from the statutory surplus or risk based capital that would have been reported had NAIC statutory accounting practices or the prescribed regulatory accounting practices of their respective state regulator been followed in all respects:

- Effective December 31, 2019 and periods through September 30, 2020, AGL, a life insurance subsidiary domiciled in Texas, implemented a permitted statutory accounting practice to recognize an admitted asset related to the notional value of coverage defined in an excess of loss reinsurance agreement. This reinsurance agreement has a 20-year term and provides coverage to AGL for aggregate claims incurred during the agreement term associated with guaranteed living benefits on certain fixed index annuities generally issued prior to April 2019 ("Block 1") exceeding an attachment point as defined in the agreement.

- Effective October 1, 2020 and subsequent reporting periods through September 30, 2023, the permitted practice above was expanded to similarly recognize an additional admitted asset related to the notional value of coverage defined in a separate excess of loss agreement. This additional reinsurance agreement has a 25 year term and provides coverage to AGL for aggregate excess of loss claims associated with guaranteed minimum withdrawal benefits on a block of fixed index annuities generally issued in April 2019 or later, including certain new business issued after the effective date ("Block 2"). In addition, effective December 31, 2020, this expanded permitted practice also extended the term of the permitted practice for Block 1 from September 30, 2020 to September 30, 2023. The reinsurance agreement covering contracts in Block 1 was also amended to conform certain provisions to be consistent with the Block 2 reinsurance agreement. Effective December 31, 2022, the reinsurance agreement for Block 2 was amended to update certain definitions contained in the agreement related to new business.
  The permitted practice allows AGL to manage its reserves in a manner more in line with anticipated principle-based reserving requirements under development for fixed index annuities. As a condition for approving the permitted practice, the TDI imposed certain conditions relating to the permitted practice.

- Effective October 1, 2022 and periods through September 30, 2023, AGL received approval from the TDI to apply a permitted practice in its financial statements allowing AGL to recognize an admitted asset related to the notional value of coverage defined in an additional excess of loss agreement. This excess of loss agreement has a 20-year term and provides coverage to AGL for aggregate claims associated with the base contract along with the guaranteed living benefits rider on a block of fixed annuities inforce on the treaty effective date and certain new business ("Block 3").

The value of these assets subject to the above permitted practice was approximately $1,017 million and $584 million in total at December 31, 2022 and 2021 respectively and are reported on line 25 (i.e., Aggregate write-ins for other than invested assets) of the balance sheet.

In the event AGL had not employed any or all of these permitted and prescribed practices, AGL's risk-based capital ("RBC") would not have triggered a regulatory event.

The following table presents a reconciliation of AGL's net income and capital and surplus between NAIC SAP and practices prescribed or permitted by the State of Texas:

	SSAP #	F/S Page #	F/S Line #	December 31, 2022	December 31, 2021
NET INCOME					
(1) State basis (Page 4, Line 35, Columns 1 & 3)				$ 790,850,954	$ 2,244,512,962
(2) State permitted practices that increase (decrease) NAIC SAP:					
(3) State prescribed practices that increase (decrease) NAIC SAP:					
(4) Net income (loss), NAIC SAP				$ 790,850,954	$ 2,244,512,962
SURPLUS					
(5) State basis (Page 3, Line 38, Columns 1 & 2)				$ 9,749,592,430	$ 8,532,459,450
(6) State permitted practices that increase (decrease) NAIC SAP	4	3	35	(1,017,060,979)	(584,098,414)
(7) Statutory capital and surplus, NAIC SAP				$ 8,732,531,451	$ 7,948,361,036

In the event AGL had not employed any or all of these permitted and prescribed practices, AGL's risk-based capital ("RBC") would not have triggered a regulatory event.

NOTES TO FINANCIAL STATEMENTS

B. Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting practices prescribed or permitted by the TDI requires management to make estimates and assumptions that affect the reported amounts in the statutory financial statements and the accompanying notes. It also requires disclosure of contingent assets and liabilities at the date of the statutory financial statements and the reported amounts of revenue and expense during the period. Actual results could differ from those estimates.

C. Accounting Policy

Life premiums are recognized as income over the premium-paying periods of the related policies. Annuity considerations are recognized as revenue when received. Health premiums are earned ratably over the terms of the related insurance and reinsurance contracts or policies. Premiums for deposit-type products are credited directly to the respective reserves and are not recorded in the Summary of Operations. Premiums on traditional life insurance products are reported net of both reinsurance and the adjustment for due and deferred premiums. Acquisition costs such as commissions and other expenses related to the production of new business are charged to operations as incurred.

The amount of dividends to be paid to policyholders is determined annually by the Company's Board of Directors. The aggregate amount of policyholders' dividends is related to actual interest, mortality, morbidity, and expense experience for the year and judgment as to the appropriate level of statutory surplus to be retained by the Company.

In addition, the Company uses the following accounting policies:

(1) Cash includes cash on hand and amounts due from banks. Short-term investments include interest-bearing money market funds, investment pools and other investments with original maturities within one year from the date of purchase.

(2) Bonds not backed by other loans are carried at amortized cost except for those with a NAIC designation of “6” or “6*”. Bonds with a NAIC 6 designation are carried at the lower of amortized cost or fair value, with unrealized losses charged directly to unassigned surplus. Bonds that have not been filed and have not received a rating in over one year from the NAIC’s Investment Analysis Office (“IAO”) receive a “6*” designation and are carried at zero, with the unrealized loss charged directly to unassigned surplus. Bonds filed with the IAO which receive a “6*” designation may carry a value greater than zero. Securities are assigned a NAIC 5* designation if the Company certifies that (1) the documentation necessary to permit a full credit analysis does not exist, (2) the issuer or obligor is current on all contracted interest and principal payments and (3) the Company has an actual expectation of ultimate repayment of all contracted interest and principal. Securities with NAIC 5* designations are deemed to possess the credit characteristics of securities assigned a NAIC 5 designation. The discount or premium on bonds is amortized using the effective yield method.

(3) Unaffiliated common stocks are carried at fair value, with unrealized capital gains and losses credited or charged directly to unassigned surplus. Provisions made for impairment are recorded as realized capital losses when declines in fair value are determined to be other-than-temporary. For Federal Home Loan Bank (“FHLB”) capital stock, which is only redeemable at par, the fair value shall be presumed to be par, unless considered other-than-temporarily impaired.

(4) Redeemable preferred stocks with NAIC designations of “1” through “3” are carried at amortized cost. All other redeemable preferred stocks are stated at the lower of cost, amortized cost or fair value, with unrealized capital losses charged directly to unassigned surplus. Perpetual preferred stocks shall be valued at fair value, not to exceed any currently effective call price. Provisions made for impairment are recorded as realized capital losses when declines in fair value are determined to be other than temporary.

(5) Mortgage and mezzanine real estate loans are carried at unpaid principal balances less allowances for credit losses and plus or minus adjustments for the accretion or amortization of discount or premium. Interest income on performing loans is accrued as earned.

Mortgage loans are considered impaired when collection of all amounts due under contractual terms is not probable. Impairment is measured using either i) the present value of expected future cash flows discounted at the loan’s effective interest rate, ii) the loan’s observable market price, if available, or iii) the fair value of the collateral if the loan is collateral dependent. An allowance is typically established for the difference between the impaired value of the loan and its current carrying amount. Additional allowance amounts are established for incurred but not specifically identified impairments, based on statistical models primarily driven by past due status, debt service coverage, loan-to-value ratio, property occupancy, profile of the borrower and of the major property tenants, and economic trends in the market where the property is located. When all or a portion of a loan is deemed uncollectible, the uncollectible portion of the carrying amount of the loan is charged off against the allowance.

(6) Loan-backed and structured securities (“LBaSS”) include residential mortgage-backed securities (“RMBS”), commercial mortgage-backed securities (“CMBS”), asset-backed securities (“ABS”), pass-thru securities, lease-backed securities, equipment trust certificates, loan-backed securities issued by special purpose corporations or trusts, and securities where there is not direct recourse to the issuer. LBaSS are carried on a basis consistent with that of bonds not backed by loans. Income recognition for LBaSS is determined using the effective yield method and estimated cash flows. Prepayment assumptions for single-class and multi-class mortgage-backed securities (“MBS”) and ABS were obtained from an outside vendor or internal estimates. The Company uses independent pricing services and broker quotes in determining the fair value of its LBaSS. The Company uses the retrospective adjustment method to account for the effect of unscheduled payments affecting high credit quality securities, while

securities with less than high credit quality and securities for which the collection of all contractual cash flows is not probable are both accounted for using the prospective adjustment method.

Risk-based capital ("RBC") charges for LBaSS are based on the final NAIC designations, which are determined with a multi-step approach. The initial designation is used to determine the carrying value of the security. The final NAIC designation is used for reporting and affects RBC. The final NAIC designation is determined for most RMBS and CMBS by financial modeling conducted by BlackRock. For credit tenant loans, equipment trust certificates, any corporate-like securities rated by the NAIC's Investment Analysis Office ("IAO"), interest-only securities, and those securities with an original NAIC designation of 5, 5*, 6, or 6*, the final NAIC designation is based on the IAO or Credit Rating Provider rating and is not subject to financial modeling.

(7) A short sale is the sale of a security which is not owned by the company at the time of sale. Short sales are normally settled by the delivery of a security borrowed by or on behalf of seller. A short sale as defined in Statement of Statutory Accounting Principle ("SSAP") No. 103R *"Transfers and Servicing of Financial Assets and Extinguishments of Liabilities"* is reported as a contra-asset (negative asset) in the respective investment schedule for the type of asset sold, with an investment code identifying the item as a short sale.

(8) The Company has no investments in insurance subsidiary, controlled and affiliated ("SCA") entities. Investments in non-insurance SCA entities are recorded based on the equity of the investee per audited financial statements prepared pursuant to Generally Accepted Accounting Principles in the United States of America ("U.S. GAAP"), which is adjusted to a statutory basis of accounting, if applicable. All investments in non-insurance SCA entities for which audited U.S. GAAP financial statements are not available are non-admitted as assets. Undistributed equity in earnings of affiliates is included in unassigned surplus as a component of unrealized investment gains or losses. Dividends received from such affiliates are recorded as investment income when declared.

(9) Other invested assets principally consist of investments in limited partnerships, limited liability companies and collateral loans. Investments in these assets, except for joint ventures, partnerships and limited liability companies with a minor ownership interest, are reported using an equity method. Under SAP, such investments are generally reported based on audited U.S. GAAP equity of the investee, with subsequent adjustment to a statutory basis of accounting, if applicable.

Joint ventures, partnerships and limited liability companies in which the Company has a minor ownership interest (i.e., less than 10 percent) or lacks control, are generally recorded based on the underlying audited U.S. GAAP equity of the investee, with some prescribed exceptions. SAP allows the use of the U.S. GAAP basis equity as set forth in the footnote reconciliation of foreign GAAP equity and income to U.S. GAAP within audited foreign GAAP financial statements. The audited U.S. tax basis equity may also be used in certain circumstances.

All other investments in entities for which audited U.S. GAAP financial statements, or another acceptable audited basis of accounting as described above were not available have been non-admitted as assets. Undistributed accumulated earnings of such entities are included in unassigned surplus as a component of unrealized investment gains or losses. Distributions received that are not in excess of the undistributed accumulated earnings are recognized as investment income. Impairments that are determined to be other-than-temporary are recognized as realized capital losses.

(10) All derivative instruments are recognized in the financial statements. Derivative instruments used in hedging transactions that meet the criteria of a highly effective hedge are reported in a manner consistent with the hedged asset or liability ("hedge accounting"). Changes in statement value or cash flow of derivatives that qualify for hedge accounting are recorded consistently with how the changes in the statement value or cash flow of the hedged asset or liability are recorded. Derivative instruments used in hedging transactions that do not meet or no longer meet the criteria of an effective hedge ("ineffective hedges") are accounted for at fair value and the changes in fair value are recorded as unrealized gains or losses.

Statement of Statutory Accounting Principles (SSAP) 108, Derivatives Hedging Variable Annuity Guarantees, was used as allowed in 2022 and 2021. SSAP 108 allows special accounting treatment for limited derivatives hedging variable annuity guarantee benefits subject to fluctuation as a result of interest rate sensitivity. Hedge accounting was not used for any derivative instruments for the years ending 2022 or 2021.

(11) The Company anticipates investment income as a factor in the premium deficiency calculation.

(12) Health claim liabilities include an amount determined from individual case estimates and loss reports, and an amount based on past experience for claims incurred but not reported. Such liabilities are based on assumptions and estimates, and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined. Health claim reserves are calculated using required statutory tables.

(13) The Company has not modified its fixed asset capitalization policy from the prior period.

(14) The Company does not have pharmaceutical rebate receivables.

(15) The Company regularly evaluates its investments for other-than-temporary impairment ("OTTI") in value. The determination that a security has incurred an OTTI in value and the amount of any loss recognition requires the judgment of the Company's management and a continual review of its investments. For bonds, other than LBaSS, an OTTI shall be considered to have occurred if it is probable that the Company will not be able to collect

all amounts due under the contractual terms in effect at the acquisition date of the debt security. If it is determined an OTTI has occurred, the cost basis of bonds are written down to fair value and the amount of the write-down is recognized as a realized capital loss.

For LBaSS, a non-interest related (i.e., credit related) OTTI resulting from a decline in value due to fundamental credit problems of the issuer, is recognized when the projected discounted future cash flows for a particular security are less than its amortized cost. When a non-interest related OTTI occurs, the LBaSS is written down to the present value of future cash flows expected to be collected. An OTTI is also deemed to have occurred if the Company intends to sell the LBaSS or does not have the intent and ability to retain the LBaSS until recovery. If the decline is interest-related, the LBaSS is written down to fair value.

In periods subsequent to the recognition of an OTTI loss, the Company generally accretes the difference between the new cost basis and the expected future cash flows expected to be collected, if applicable, as interest income over the remaining life of the security based on the amount and timing of estimated future cash flows.

D. Going Concern

There are no principal conditions or events that raise doubt about the Company's ability to continue as a going concern.

2. ACCOUNTING CHANGES AND CORRECTIONS OF ERRORS

A. Accounting Changes

The Company had no accounting changes during 2022 and 2021.

B. Correction of Errors

SSAP No. 3 requires that corrections of error related to prior periods be reported as pretax adjustments to unassigned surplus.

In 2022, five out-of-period errors were identified and corrected, which decreased claims reserved as a result of overstated claim reserves from 2019-2021 and increased unassigned surplus by $72,553,748.

In 2021, five out-of-period errors were identified and corrected, which decreased unassigned surplus by $161,451,442. The most significant of these was a tax correction from 2013 - 2018.

There were no other significant corrections of errors during the periods covered by this statement.

3. BUSINESS COMBINATIONS AND GOODWILL

A-D. The Company has not been a party to any purchases, business combinations, mergers or assumption reinsurance transactions during the periods covered by this statement.

4. DISCONTINUED OPERATIONS

A-D. There were no discontinued operations during the periods covered by this statement.

5. INVESTMENTS

A. Mortgage Loans, including Mezzanine Real Estate Loans

(1) The maximum and minimum lending rates for new mortgage loans made during 2022 and 2021 were as follows:

(9) Interest income on mortgage loans is not accrued when payment of contractual principal and interest is not expected. Any cash received on impaired loans is generally recorded as a reduction of the current carrying amount of the loan. Accrual of interest income is generally resumed when delinquent contractual principal and interest is repaid or when a portion of the delinquent contractual payments are made and the ongoing required contractual payments have been made for an appropriate period.

NOTES TO FINANCIAL STATEMENTS

B. Debt Restructuring

	2022	2021
(1) The total recorded investment in restructured loans, as of year-end	$ 465,793,810	$ 397,914,334
(2) The realized capital losses related to these loans	$ —	$ —
(3) Total contractual commitments to extend credit to debtors owing receivables whose terms have been modified in troubled debt restructuring	$ 3,950,162	$ 4,825,127

(4) The Company accrues income on impaired loans to the extent it is deemed collectible and the loan continues to perform under its original or restructured contractual items. Interest income on impaired non-performing loans that are delinquent more than 90 days is recognized as cash is received.

C. Reverse Mortgages

The Company had no investments in reverse mortgages during the periods covered by this statement.

D. Loan-Backed and Structured Securities:

(1) Prepayment assumptions for single class, multi-class MBS and ABS were obtained from independent third party services or internal estimates. These assumptions are consistent with the current interest rate and economic environment.

(2) In the twelve months ended December 31, 2022, the Company did not recognize an other-than-temporary impairment ("OTTI") of any LBaSS due to intent to sell, or an inability or lack of intent to retain the security for a period of time sufficient to recover the amortized cost basis.

(3) In the twelve months ended December 31, 2022, the Company recognized credit-related OTTI on the following LBaSS:

(4) At December 31, 2022, the Company held impaired securities (fair value is less than amortized cost) for which an OTTI had not been recognized in earnings as a realized capital loss. Such impaired securities included those with a recognized OTTI for non-interest (credit) related declines that were recognized in earnings, but for which an associated interest-related decline has not been recognized in earnings as a realized capital loss. The aggregate amount of unrealized losses and fair values for such securities, segregated between those securities that have been in a continuous unrealized loss position for less than 12 months and greater than 12 months, respectively, were as follows:

a. The aggregate amount of unrealized losses	
1. Less than 12 months	$ 1,565,009,855
2. 12 months or longer	999,396,018
b. The aggregate related fair value of securities with unrealized losses	
1. Less than 12 months	$ 16,447,649,958
2. 12 months or longer	6,348,602,983

(5) In its OTTI assessment for LBaSS, the Company considers all information relevant to the collectability of the security, including past history, current conditions and reasonable forecasts when developing an estimate of future cash flows. Also, relevant analyst reports and forecasts for the asset class receive appropriate consideration. The Company also considers how credit enhancements affect the expected performance of the security. In addition, the Company generally considers its cash and working capital requirements and expected cash flows in relation to its business plans and how such forecasts affect the intent and ability to hold such securities to recovery of their amortized cost.

When estimating future cash flows, management considers historical performance of underlying assets and available market information as well as bond-specific structural considerations, such as credit enhancement and priority of payment structure of the security. In addition, the process of estimating future cash flows includes, but is not limited to, the following critical inputs, which vary by asset class:

- current delinquency rates;
- expected default rates and timing of such defaults;
- loss severity and timing of any such recovery;
- expected prepayment speeds; and
- ratings of securities underlying structured products

E. Dollar Repurchase Agreements and/or Security Lending Transactions.

(1) The Company has a securities lending program that lends securities from the Company's investment portfolio to supplement liquidity or for uses as deemed appropriate by management. Under the program, securities are lent to financial institutions, and in return the Company receives cash as a collateral equal to 102 percent of the fair value of the securities loaned. Cash collateral received is invested in cash and/or short-term investments and the offsetting collateral liabilities are included in payable for securities lending. The aggregate amount of securities that the Company is able to lend under its program at any time is limited to five percent of its general account net admitted assets.

(2) In conjunction with its securities lending program described in Note 17, the Company had no securities as of December 31, 2022 loaned to unaffiliated third parties.

(2) The Company had no dollar repurchase agreements as of December 31, 2022.

b. Cash collateral received under the securities lending agreements is invested in cash, cash equivalents and/or short-term investments or partially used for short-term liquidity purposes based on conservative forecasts of cash flows.

(6) As of December 31, 2022, the Company had not accepted collateral that it is not permitted by contract or custom to sell or repledge.

(7) As of December 31, 2022, the Company had no collateral for securities lending transactions that extend beyond one year from the reporting date.

F. Repurchase Agreement Transactions Accounted for as Secured Borrowing

(1) The Company is a party to secured financing transactions whereby certain securities are sold under agreements to repurchase (repurchase agreements), in which the Company transfers securities in exchange for cash, with an agreement by the Company to repurchase the same or substantially similar securities at agreed-upon dates specified in the agreements. The Company requires a minimum of 95 percent of the fair value of the securities transferred under the repurchase agreements to be maintained as collateral. Cash collateral received is invested in corporate bonds and the offsetting collateral liabilities are classified as repurchase agreements and included in aggregate write-ins for liabilities.

The Company manages risk associated with repurchase agreements through counterparty selection and collateral requirements. However, repurchase agreements remain subject to counterparty risk. If counterparty defaults, a loss may be realized upon sale of the underlying security to the extent that proceeds from sale and accrued interest are less than the repurchase price, including interest, provided in repurchase agreements.

Cash collateral received under the repurchase agreements is generally reinvested in corporate bonds. To the extent that the maturity dates of the collateral liability do not match those of the reinvested assets, the Company has other sources of liquidity, including tradable securities, which could be used to return cash collateral. The sources of liquidity to be used to return cash collateral would be dependent upon current market conditions.

At December 31, 2022, securities with a fair value of approximately $1,668,470,821 were subject to repurchase agreements to secure amounts borrowed by the Company. The carrying value of such securities is disclosed in Note 5.L.(1) and classified as bonds on the Company's balance sheet.

B. The Company recognized $12,947,475 and $14,596,742 in impairments during the years ended December 31, 2022 and 2021, respectively, for investments in joint ventures, partnerships and limited liability companies.

7. INVESTMENT INCOME

A. Due and accrued income from bonds and other invested assets is non-admitted when collection of interest is overdue by more than 90 days or is uncertain, and for mortgage loans when loans are foreclosed or delinquent in payment for greater than 90 days, or when collection of interest is uncertain.

B. The Company had no non-admitted due and accrued income at December 31, 2022 or 2021.

8. DERIVATIVE INSTRUMENTS

A. Derivatives under SSAP No. 86 - Derivatives:

(1) The Company has taken positions in certain derivative financial instruments to mitigate or hedge the impact of changes in interest rates, foreign currencies, equity markets, swap spreads, volatility, correlation and yield curve risk on cash flows from investment income, policyholder liabilities and equity. Financial instruments used by the Company for such purposes include interest rate swaps, interest rate swaptions, cross-currency swaps, futures and futures options on equity indices, and futures and futures options on government securities. The Company does not engage in the use of derivative instruments for speculative purposes and is neither a dealer nor trader in derivative instruments.

(2) Net cash collateral received for derivative transactions increased during the quarter ended December 31, 2022, as a result increases in fair values of derivatives covered by ISDA Master Agreements and Credit Support Annex provisions. Derivative fair values during the quarter generally increased as a result of decreases in equity markets, decreases in interest rates and strengthening of the US Dollar. At December 31, 2022, the Company held collateral for SSAP 86 and SSAP 108 derivatives of $205,300,000, which is invested in cash, cash equivalents and/or short-term investments.

(3) Swaps, Options and Futures

Interest rate or cross-currency swap agreements are agreements to exchange with a counterparty, at specified intervals, payments of differing character (for example, variable-rate payments exchanged for fixed-rate payments) or in different currencies, based on an underlying principal balance (notional amount). Generally no cash is exchanged at the outset of the contract and no principal payments are made by either party. A single net payment is usually made by one counterparty at each contractual payment due date, and this net payment is included in the Summary of Operations.

Options are contracts that grant the purchaser, for a premium payment, the right, but not the obligation, either to purchase or sell a financial instrument at a specified price within a specified period of time. The Company purchases call options on the S&P 500 Index to offset the risk of certain guarantees of specific equity-indexed annuity and universal life policy values. The Company also purchases put options on the S&P 500 Index to offset volatility risk arising from minimum guarantees embedded in variable annuities.

Financial futures are contracts between two parties that commit one party to purchase and the other to sell a particular commodity or financial instrument at a price determined on the final settlement day of the contract. Futures contracts detail the quality and quantity of the underlying asset; they are standardized to facilitate trading on a futures exchange. Some futures contracts may call for physical delivery of the asset, while others are settled in cash. The Company uses futures contracts on Euro dollar deposits, U.S. Treasury Notes, U.S. Treasury Bonds, the S&P 500 Index, MidCap 400, Russell 2000, MSCI EAFE, foreign government debt securities, and foreign denominated equity indices to offset the risk of certain guarantees on annuity policy values.

Interest Rate Risk

Interest rate derivatives are used to manage interest rate risk associated with certain guarantees of variable annuities and equity indexed annuities and certain bonds. The Company’s interest rate hedging instruments include (1) interest rate swaps and swaptions; (2) listed futures on government securities; (3) listed futures options on government securities; and (4) unlisted swaps and swaptions in U.S. Dollar Secured Overnight Financing Rate.

Currency Risk

Foreign exchange contracts used by the Company include cross-currency swaps, which are used to reduce risks from changes in currency exchange rates with respect to investments denominated in foreign currencies that the Company holds.

Equity Risk

Equity derivatives are used to mitigate financial risk embedded in certain insurance liabilities.

Credit Risk

The Company is exposed to credit-related losses in the event of non-performance by counterparties to financial instruments, but it does not expect any counterparties to fail to meet their obligations given their high credit ratings. For over-the-counter (“OTC”) derivatives, the Company’s net credit exposure is determined based on master netting agreements, which take into consideration all derivative positions with the counterparty, as well as collateral posted by the counterparty at the balance sheet date. The Company is exposed to credit risk when the net position with a particular counterparty results in an asset that exceeds collateral pledged by that counterparty.

For OTC contracts, the Company generally uses an International Swaps and Derivative Association Master Agreement (“ISDA Master Agreement”) and Credit Support Annexes with bilateral collateral provisions to reduce counterparty credit exposures. An ISDA Master Agreement is an agreement between two

counterparties, which may cover multiple derivative transactions, and such an ISDA Master Agreement generally provides for the net settlement of all or a specified group of these derivative transactions, as well as transferred collateral, through a single payment, in a single currency, in the event of a default affecting any one derivative transaction or a termination event affecting all or a specified group of the transactions. The Company minimizes the risk that counterparties might be unable to fulfill their contractual obligations by monitoring counterparty credit exposure and collateral value and may require additional collateral to be posted upon the occurrence of certain events or circumstances. In the unlikely event of a failure to perform by any of the counterparties to these derivative transactions, there would not be a material effect on the Company's admitted assets, liabilities or capital and surplus.

The Company has also entered into exchange-traded options and futures contracts. Under exchange-traded futures contracts, the Company agrees to purchase a specified number of contracts with other parties and to post or receive variation margin on a daily basis in an amount equal to the difference in the daily market values of those contracts. The parties with whom the Company enters into exchange-traded futures are regulated futures commission merchants who are members of a trading exchange. The credit risk of exchange-traded futures is partially mitigated because variation margin is settled daily in cash. Exchange-traded option contracts are not subject to daily margin settlements and amounts due to the Company based upon favorable movements in the underlying securities or indices are owed upon exercise.

(4) No financing premiums

(5) During the years ended December 31, 2022 and 2021, the Company had no gain or loss recognized in unrealized gains or losses that was excluded from the assessment of hedge effectiveness.

(6) During the years ended December 31, 2022 and 2021, the Company had no gain or loss recognized from derivatives that no longer qualify for hedge accounting.

(7) The Company had no derivatives accounted for as cash flow hedges of a forecasted transaction.

B. Derivatives under SSAP No. 108 – Derivative Hedging Variable Annuity Guarantees:

(1) The hedged obligation consists of guaranteed benefits on variable annuity contracts and resembles a long dated put option, where we pay guaranteed benefits after the time, if any, when the account value declines to zero. Changes in interest rates impact the present value of future product cash flows (discount rate) as well as the value of investments comprising the account value to be assessed against the guarantee. The hedging strategy is unchanged from the prior reporting period. Under this VM-21 compliant clearly defined hedging strategy ("CDHS"), interest rate risk is hedged by a duration matched portfolio of interest sensitive instruments with both derivatives and bonds. Only the interest rate sensitive derivatives such as interest rate swaps and interest rate swaptions are included for SSAP 108 purposes. Hedge effectiveness is measured in accordance with the requirements outlined under SSAP No. 108 and entails assessment of the total return on the designated portfolio of derivatives against changes in the fair value of the hedged obligation due to interest rate movements on a cumulative basis.

9. INCOME TAXES

Recent U.S. Tax Law Changes

On November 15, 2021, the U.S. enacted the Infrastructure Investment and Jobs Act to improve infrastructure in the U.S. The tax provisions for the Infrastructure Investment and Jobs Act have not had and are currently not expected to have a material impact on our U.S. federal tax liabilities.

On August 16, 2022, the U.S. enacted the Inflation Reduction Act of 2022, which finances climate and energy provisions and an extension of enhanced subsidies under the Affordable Care Act with a 15% corporate alternative minimum tax ("CAMT") on adjusted financial statement income for corporations with profits over $1 billion, a 1% stock buyback tax, increased IRS enforcement funding, and Medicare's new ability to negotiate prescription drug prices. The Company believes that as of the reporting date it will be subject to the CAMT in 2023. The 2022 financial statements include an estimated impact of the CAMT of $433,000,000.

F. (1) For the period prior to the separation of Corebridge from AIG, the Company will join in the filing of a consolidated federal income tax return with AIG.

For the period following the separation of Corebridge from AIG, the Company will join with AGC Life Insurance Company (“AGC Life”), The Variable Annuity Life Insurance Company (“VALIC”), The United States Life Insurance Company in the City of New York (“USL”), and AIG Life of Bermuda, Ltd. (“AIGB”), in filing a consolidated life company federal income tax return.

(2) The Company has written agreements with both parent entities, AIG and AGC Life under which each subsidiary agrees to pay the parent company an amount equal to the consolidated federal income tax expense multiplied by

the ratio that the subsidiary's separate return tax liability bears to the consolidated tax liability, plus one hundred percent of the excess of the subsidiary's separate return tax liability over the allocated consolidated tax liability. Both, AIG and AGC Life, agree to pay each subsidiary for the tax benefits, if any, of net operating losses, net capital losses and tax credits which are not usable by the subsidiary but which are used by other members of the consolidated group.

G. The Company does not expect an increase in tax loss contingencies within the next twelve months.

H. The Company is not subject to the repatriation transition tax for the year ended December 31, 2022.

10. INFORMATION CONCERNING PARENT, SUBSIDIARIES, AND AFFILIATES

A–C All outstanding shares of the Company's common stock are owned by AGC Life Insurance Company ("AGC Life"), a Missouri-domiciled life insurance company, which is wholly owned by AIG Life Holdings, Inc. ("AIG Life Holdings"). AIG Life Holdings is wholly owned by Corebridge Financial, Inc. (Formerly known as SAFG Retirement Services, Inc.)("Corebridge"), which is a direct, subsidiary of American International Group, Inc. ("AIG"). AIG is a holding company, which through its subsidiaries provides a wide range of property casualty insurance, life insurance, retirement products and other financial services to commercial and individual customers in more than 70 countries and jurisdictions. The term "AIG" means American International Group, Inc. and not any of AIG's consolidated subsidiaries. The Company's material subsidiaries include: SunAmerica Asset Management LLC, SA Affordable Housing, LLC and AGLIC Investments Bermuda Limited, a Bermuda corporation ("AGLIC Bermuda"). AGLIC Bermuda was formed by the Company in October 2018, as an investment subsidiary under Texas Insurance Code Section 823.255.

During the twelve months ended December 31, 2022, the Company purchased or sold securities, at fair market value, from or to one or more of its affiliates in the ordinary course of business. For additional information regarding purchase and sale transactions involving the Company with an affiliate, please refer to the Company's Annual Registration Statement and monthly amendments filed with the TDI.

Effective January 1, 2011, AGL entered into a Reinsurance Agreement (AGL-1101) with AGC Life pursuant to which certain blocks of life business issued by AGL were ceded to AGCL. The Reinsurance Agreement was non-disapproved by the TDI and Missouri Department of Insurance. Amendment 29 to the reinsurance agreement was approved by the TDI and MDOI effective December 31, 2020 to add certain term and universal life policies issued by AGL issued on or after January 1, 2020 to the reinsurance agreement. Amendment 29 was closed to new business as of December 31, 2021.

On January 2, 2020, AGL sold its Houston Campus properties to an affiliate, 2929 REH, a newly formed limited liability company incorporated in the state of Texas. 2929 REH is owned by AIG Life Holdings, Inc. and Knickerbocker Corporation, a Texas corporation wholly owned by AIG Life Holdings, Inc. The sale of the properties is treated as a sale and leaseback transaction pursuant to SSAP 22R. The gain on sale of $253,216,168 was recognized directly to special surplus funds and will be subsequently amortized to unassigned surplus over a 10 year period. Amortization for the period ending December 31, 2022 was $25,321,617.

AIG Life Holdings, Inc. issued two senior promissory notes to AGL in the amount of $150,000,000 and $200,000,000 ("2019 Promissory Notes") respectively in exchange for cash. Each of the promissory notes was supported by a guarantee issued by AIG for the benefit of AGL, with maturity dates of five and four years respectively and interest rates of 2.52% and 2.40% per year respectively. On December 30, 2019, the TDI issued a letter allowing AGL to record the total amounts due under each promissory note as an admitted asset for the period ending March 31, 2020 and in each subsequent quarter thereafter subject to certain conditions and in accordance with applicable provisions of SSAP 25.

On May 18, 2022, SAFG Capital LLC issued a senior promissory to the AGL in the amount of up to $150,000,000. The promissory note is supported by a guarantee issued by Corebridge for the benefit of AGL. The promissory note has a maturity date and a rate per annum equal to term SOFR plus a total spread as defined in the agreement.

On January 1, 2015, the Company and certain of its affiliates entered into a revolving loan facility with AIG, pursuant to which the Company and each such affiliate can, on a several basis, borrow monies from AIG (as lender) subject to the terms and conditions stated therein. Principal amounts borrowed under this facility may be repaid and re-borrowed, in whole or in part, from time to time, without penalty. However, the total aggregate amount of loans borrowed by all borrowers under the facility cannot exceed $500,000,000. The loan facility also sets forth individual borrowing limits for each borrower, with the Company's maximum borrowing limit being $500,000,000. This agreement terminated concurrent with the IPO of Corebridge Financial on September 19, 2022.

On May 17, 2022, the Company and certain of its affiliates entered into a revolving loan facility with Corebridge, pursuant to which the Company and each such affiliate can, on a several basis, borrow monies from Corebridge (as lender) subject to the terms and conditions stated therein. Principal amounts borrowed under this facility may be repaid and re-borrowed, in whole or in part, from time to time, without penalty. However, the total aggregate amount of loans borrowed by all borrowers under the facility cannot exceed $500,000,000.The loan facility also sets forth individual borrowing limits for each borrower, with the Company's maximum borrowing limit being $500,000,000. As of December 31, 2022, the Company had no outstanding balance owing under this revolving loan facility.

On May 17, 2022, Corebridge and certain of its affiliates including the Company executed a service and expense agreement which provides for the provision of certain services and allocation of expenses amongst the parties to the agreement.

NOTES TO FINANCIAL STATEMENTS

Effective October 1, 2022, AGL entered into a modified coinsurance reinsurance agreement with VALIC, pursuant to which certain blocks of VALIC's variable annuity (VA) business were ceded to AGL. The ceded reserves and assets supporting the reserves remain on VALIC's balance sheet, pursuant to the modified coinsurance structure. The business covered by the agreement includes substantially all of VALIC's VA contracts, excluding those issued by VALIC in the State of New York and those that have been previously assumed (through reinsurance) by VALIC. At inception, VALIC ceded approximately $22.9 billion of reserves and received a ceding commission of approximately $1.5 billion from AGL representing the embedded profits in the business ceded. The majority of the initial ceding commission was recognized directly in surplus on an after-tax basis, while a portion of the ceding commission ($0.3 billion) was recognized as Commission and expense allowances on reinsured ceded in the Summary of Operations as an offset to the related tax expense. The after-tax surplus impact will be amortized over the life of the treaty as the after-tax profits emerge on the reinsured business and will be recognized as Commission and expense allowances on reinsured ceded in the Summary of Operations, offset by a corresponding charge to change in surplus as a result of reinsurance with no net impact on capital and surplus. After contract inception, AGL will pay a ceding commission and expense allowance to reimburse VALIC for its commissions, related issue and policy administration expenses. The agreement was non-disapproved by the TDI. The agreement allows AGL and VALIC to more efficiently manage the reserve and capital requirements for their VA business.

In December 2022, the Company received Capital Contributions of $1,900,000,000 from AGC Life in connection with the Company and VALIC reinsurance transaction.

Dividends are paid as determined by the Board of Directors and are noncumulative. In the twelve months ended December 31, 2022, the Company paid the following dividends.

Date Paid	Type	Cash or Non-cash	Amount
March 28, 2022	Ordinary	Cash	$ 400,000,000
June 24, 2022	Ordinary	Cash	400,000,000

D. At December 31, 2022, the Company reported receivables from parent, subsidiaries and affiliates of $262,915,909 and payables to parent, subsidiaries and affiliates of $482,902,170. At December 31, 2021, the Company reported receivables from parent, subsidiaries and affiliates of $135,762,182 and payables to parent, subsidiaries and affiliates of $332,594,216. Amounts due from or to parent, subsidiaries and affiliates are generally settled within the time frame defined in the intercompany agreements.

E. See Note 14 for discussion of guarantees to affiliates.

F. Pursuant to service and expense agreements, AIG and affiliates provide, or cause to be provided, administrative, marketing, investment management, accounting, occupancy, and data processing services to the Company. The allocation of costs for services is based generally on estimated levels of usage, transactions or time incurred in providing the respective services. Generally, these agreements provide for the allocation of costs upon either the specific identification basis or a proportional cost allocation basis which management believes to be reasonable. In all cases, billed amounts pursuant to these agreements do not exceed the cost to AIG or the affiliate providing the service.

Pursuant to an amended and restated investment advisory agreement, certain of the Company's invested assets are managed by an affiliate. Certain affiliates of the Company serve as the investment sub-advisor for certain of the mutual funds offered through the Company's separate accounts. Pursuant to intercompany servicing agreements, the Company provides policy administration services to affiliated entities.

G. There is no control relationship between the Company and an affiliate such that the operating results or financial position of the Company are significantly affected.

H. The Company sold its 107,942 shares of the common stock of its ultimate parent, AIG in 2021

I. The Company had no investments in SCA entities that exceeded 10 percent of admitted assets at December 31, 2022 or 2021.

J. The Company had no impaired investments in SCA entities at December 31, 2022.

K. The Company had no investment in a foreign insurance subsidiary.

NOTES TO FINANCIAL STATEMENTS

L. The Company utilizes the look-through approach in valuing its investments in affiliated joint ventures or partnerships that have characteristics of real estate. The financial statements for the related holding companies are not audited and the Company has limited the value of its investment in these holding companies to the value contained in the audited financial statements of the lower tier entities owned by each of the respective intermediate holding company entities as adjusted by SAP, if applicable. All liabilities, commitments, contingencies, guarantees, or obligations of these holding company entities, which are required to be recorded as liabilities, commitments, contingencies, guarantees or obligations under applicable accounting guidance, are reflected in the Company's determination of the carrying value of the investment in each of the respective holding company entities, if applicable.

O. SCA or SSAP 48 Entity Loss Tracking

The Company had three SCA or SSAP 48 entity investment in a deficit position during the reporting period covered by this Annual Statement.

11. DEBT

A. The Company had no borrowings outstanding as of December 31, 2022 under the revolving loan facilities with Corebridge described in Note 10.

The Company had no reverse repurchase agreements.

B. Federal Home Loan Bank (“FHLB”) Agreements

(1) The Company is a member of the FHLB of Dallas.

Membership with the FHLB provides the Company with collateralized borrowing opportunities, primarily as an additional source of liquidity or for other uses deemed appropriate by management. The Company’s ownership in the FHLB stock is reported as common stock. Pursuant to the membership terms, the Company elected to pledge such stock to the FHLB as collateral for the Company’s obligations under agreements entered into with the FHLB.

Cash advances obtained from the FHLB are reported in and accounted for as borrowed money. The Company may periodically obtain cash advances on a same-day basis, up to a limit determined by management and applicable laws. The Company is required to pledge certain mortgage-backed securities, government and agency securities and other qualifying assets to secure advances obtained from the FHLB. To provide adequate collateral for potential advances, the Company pledged securities and mortgage loans to the FHLB in excess of outstanding borrowings. Upon any event of default by the Company, the recovery by the FHLB would generally be limited to the amount of the Company’s liability under advances borrowed. The Company’s net borrowing capacity as of December 31, 2022 is $2,077,000,000.

The Company issued the following funding agreements to the FHLB, which were included in the Liability for deposit-type contracts:

Funding Agreements	Date Issued	Amounts
10-year floating rate	February 15, 2018	$ 1,148,000,000

Employee Retirement and Postretirement Benefit Plans

Certain employees and retirees of the Company participated in various AIG-sponsored U.S. defined benefit pension plans (“the Pension Plans”). These plans are closed to new participants and current participants no longer earn benefits (i.e., the plans are frozen). As sponsor of these plans, AIG is ultimately responsible for the maintenance of these plans in compliance with applicable laws. Following the initial public offering (“IPO”), on September 19, 2022 of the common shares of Corebridge Parent to the public, the Company has ceased to be a participating affiliate in and does not have any liability with respect to the Pension Plans. Prior to the IPO, the Company did not record an asset or liability to recognize the funded status of the Pension Plans. The Company recognized a liability only for any required contributions to the Pension Plans that were accrued and unpaid at the balance sheet date.

Prior to August 22, 2022, AIG provided post-employment medical and life benefits for certain retired employees (the “Benefits”). Since August 22, 2022, the Benefits are provided by Corebridge Parent with certain limited exceptions. The Company is not directly liable for obligations resulting from the Benefits; its obligation results from the allocation of the Company’s share of expenses based on estimated claims less contributions from participants.

The Company incurred the following employee related costs:

	December 31,	
	2022	2021
Defined benefit plans	$ (8,573,889)	$ (10,837,288)
Postretirement medical and life insurance plans	508,379	1,140,194
Total	$ (8,065,510)	$ (9,697,094)

Defined Contribution Plans

Prior to August 22, 2022, the Company’s employees participated in AIG’s qualified defined contribution plan, which provides for pre-tax salary reduction contributions by its U.S. employees. The Company made matching contributions of 100 percent of the first six percent of employee contributions, subject to Internal Revenue Service (“IRS”) imposed limitations. AIG also provided participants in the AIG Incentive Savings Plan an additional fully vested, non-elective, non-discretionary employer contribution equal to three percent of the participant’s annual base compensation for the plan year, paid each pay period regardless of whether the participant currently contributed to the plan, and subject to the IRS-imposed limitations. On August 22, 2022, participants accounts in the AIG plan were transferred to the Corebridge Financial, Inc. Retirement Savings 401(k) Plan. The Company’s pre-tax expense associated with these plans was $27,985,459 and $26,807,669 in 2022 and 2021, respectively.

Share-based and Deferred Compensation Plans

The Company has in place Long Term Incentive Plans (LTIP) that provide for annual awards to certain employees, including our senior executive officers and other highly compensated employees that may be comprised of performance share units (PSUs), restricted stock units (RSUs) and/or stock options. These awards generally vest over a 3-year period based on pre-established performance goals and /or providing service to the Company.

The Company recognized compensation expense of $30,680,082 and $27,875,083 for awards granted in 2022 and 2021, respectively.

Further details on Corebridge share-based payment plans can be found in the Corebridge 10-K filing.

H. Postemployment Benefits and Compensated Absences

As of December 31, 2022, the Company had no obligation for post-employment benefits or compensated absences that had not been accrued for.

I. Impact of Medicare Modernization Act on Postretirement Benefits

Not applicable.

NOTES TO FINANCIAL STATEMENTS

13. CAPITAL AND SURPLUS, SHAREHOLDERS' DIVIDEND RESTRICTIONS AND QUASI-REORGANIZATIONS

A. The Company had 600,000 shares of common stock authorized, issued and outstanding at December 31, 2022. The par value is $10 per share.

B. The Company had 8,500 shares of $100 par value cumulative preferred stock authorized, issued and outstanding at December 31, 2022, with an $80 dividend rate and redeemable at $1,000.

C The maximum amount of dividends in a 12-month period, measured retrospectively from the date of payment, which can be paid without prior approval of the Texas Insurance Commissioner, is the greater of (1) 10 percent of surplus as regards to policyholders at December 31 or (2) the net gain from operations of the Company for the year ended December 31.

D. In 2022, the Company paid dividends to its parent. See Note 10 A – C for additional information regarding the dividend payments.

E. Other than the limitations discussed in C. above, there are no restrictions placed on the portion of the Company's profits that may be paid as ordinary dividends to its shareholder. The maximum amount of dividends that the Company may pay to its shareholder without prior approval of the Texas Insurance Commissioner in 2023 is $1,980,734,433, subject to availability of earned surplus.

F. The unassigned surplus funds were earned partly by participating policies and partly by the non-participating policies. At December 31, 2022 and 2021, unassigned surplus held for the benefit of participating policyholders was $96,133,514 and $100,180,365, respectively. There were no restrictions placed on the Company's surplus.

G. There were no advances to surplus requiring repayment during the periods covered by this statement.

H. The Company holds none of its shares or shares of its affiliated companies for special purposes.

I. There were no additional admitted DTA required in special surplus funds at December 31, 2022 or 2021.

J. Unassigned surplus at December 31, 2022 and 2021 had been increased (reduced) by cumulative unrealized investment gains (losses) of $(318,933,572) and $1,378,425,974, respectively.

K. The Company had no surplus debenture obligations.

L-M There was no restatement due to a quasi-reorganization in the periods presented in these financial statements.

14. LIABILITIES, CONTINGENCIES AND ASSESSMENTS

A. Contingent Commitments

(1) The Company had commitments to provide funding to various limited partnerships totaling $3,158,345,474 as of December 31, 2022. The commitments to invest in limited partnerships and other funds are called at the discretion of each fund, as needed and subject to the provisions of such fund's governing documents, for funding new investments, follow-on investments and/or fees and other expenses of the fund. Of the total commitments at December 31, 2022, $1,125,810,104 are currently expected to expire in 2022, and the remainder by 2041 based on the expected life cycle of the related funds, and the Company's historical funding trends for such commitments. The Company had no commitments related to LIHTC property investments outstanding at December 31, 2022.

(2-3) The Company has issued certain guarantees described in the following paragraphs. These guarantees do not require liability recognition pursuant to SAP, because the underlying liabilities were recognized by the Company, or no business was ever written by the intended beneficiary of the guarantee and thus there is no exposure associated with the guarantee.

The Company and AIG Life of Bermuda, Ltd. ("AIGB") entered into a Cut-through Agreement in which insureds, their beneficiaries and owners were granted a direct right of action against the Company in the event AIGB becomes insolvent or otherwise cannot or refuses to perform its obligations under certain life insurance policies issued by AIGB. The Cut-through Agreement was approved by the TDI. The amount of the retained liability on AIGB's books related to this agreement was approximately $325,000 for December 31, 2022 and $330,000 for December 31, 2021. The Company believes the probability of loss under this agreement is remote. No liability has been recognized in relation to this guarantee due to immateriality.

For additional information regarding guarantees, please refer to the Company's Annual Registration Statement and monthly amendments filed with the TDI.

B. Assessments

(1) All fifty states and the District of Columbia have laws requiring solvent life insurance companies, through participation in guaranty associations, to pay assessments to protect the interests of policyholders of insolvent life insurance companies. These state insurance guaranty associations generally levy assessments, up to prescribed limits, on member insurers in a particular state based on the proportionate share of the premiums written by

member insurers in the lines of business in which the impaired, insolvent or failed insurer is engaged. Such assessments are used to pay certain contractual insurance benefits owed pursuant to insurance policies issued by impaired, insolvent or failed insurers. Some states permit member insurers to recover assessments paid through full or partial premium tax offsets. The Company accrues liabilities for guaranty fund assessments ("GFA") when an assessment is probable and can be reasonably estimated. The Company estimates the liability using the latest information available from the National Organization of Life and Health Insurance Guaranty Associations. While the Company cannot predict the amount and timing of any future GFA, the Company has established reserves it believes are adequate for assessments relating to insurance companies that are currently subject to insolvency proceedings.

The Company's accrued liability for GFA was $38,977,155 and $37,640,706 at December 31, 2022 and 2021, respectively.

(2)	Assets recognized from paid and accrued premium tax offsets and policy surcharges at January 1, 2022	$	29,974,862

E. Joint and Several Liabilities

The Company had no joint and several liability arrangements accounted for as a liability.

F. All Other Contingencies

At December 31, 2022 and 2021 the Company had $3,837,621,153 and $2,410,334,561, respectively. of outstanding commitments related to various funding obligations associated with investments in commercial mortgage loans. Of the total current commitments, $1,305,793,748 are expected to expire in 2023, and the remainder by 2036, based on the expected life cycle of the related loans and the Company's historical funding trends for such commitments.

At December 31, 2022, the Company held a reserve of $6,637,752 for contingencies related to prior year federal income taxes.

Various federal, state or other regulatory agencies may from time to time review, examine or inquire into the operations, practices and procedures of the Company, such as through financial examinations, subpoenas, investigations, market conduct exams or other regulatory inquiries. Based on the current status of pending regulatory examinations, investigations and inquiries involving the Company, the Company believes it is not likely that these regulatory examinations, investigations or inquiries will have a material adverse effect on the financial position, results of operations or cash flows of the Company.

Effective January 1, 2013, the California legislature enacted AB 1747 (the Act), which amended the Insurance Code to mandate that life insurance policies issued and delivered in California contain a 60-day grace period during which time the policies must remain in force after a premium payment is missed, and that life insurers provide both a 30-day minimum notification of lapse and the right of policy owners to designate a secondary recipient for lapse and termination notices. Following guidance from the California Department of Insurance and certain industry trade groups, AGL interpreted the Act to be prospective in nature, applying only to policies issued and delivered on or after the Act's January 1, 2013, effective date. On July 18, 2017, AGL was sued in a putative class action captioned Moriarty v. American General Life Insurance Company, No. 17-cv-1709 (S.D. Cal.), challenging AGL's prospective application of the Act. Plaintiff's complaint, which is similar to complaints filed against other insurers, argues that policies issued and delivered prior to January 1, 2013, like the $1 million policy issued to Plaintiff's husband do not lapse—despite nonpayment of premiums—if the insurer has not complied with the Act's terms. On August 30, 2021, the California Supreme Court issued an opinion in McHugh v. Protective Life Insurance, 12 Cal. 5th 213 (2021), ruling that the Act applies to all policies in force on January 1, 2013, regardless of when the policies were issued. On February 7, 2022, Plaintiff filed motions for summary judgment and class certification; AGL opposed both motions and filed its own motion for partial summary judgment. On July 26, 2022, the District Court granted in part and denied in part AGL's motion for partial summary judgment, and on September 7, 2022, the District Court denied Plaintiff's motion for summary judgment. In the summary judgment decisions, the District Court declined to adopt Plaintiff's theory that a failure to comply with the Act necessitates payment of policy benefits or to make a pre-trial determination as to AGL's liability. On September 27, 2022, the District Court denied Plaintiff's motion for class certification without prejudice. The District Court declined to certify Plaintiff's proposed class consisting of claims for monetary damages and equitable relief, but indicated that Plaintiff could seek the certification of a narrower class consisting only of claims for monetary damages. The District Court indicated, however, that it has "substantial concerns" as to whether individual issues such as actual damages and causation would predominate, precluding class certification.While the District Court had initially set a trial date for February 7, 2023, it has since vacated that date and indicated that it will set a new trial date in due course, following consultation with the parties. Proceedings are ongoing in other California cases that raise similar industry-wide issues, including in the McHugh case on remand from the California Supreme Court, in which the California Court of Appeal rendered an unpublished opinion on October 10, 2022 that also declined to hold that failure to comply with the Act automatically necessitates payment of policy benefits. We have accrued our current estimate of probable loss with respect to this litigation.

Certain reinsurers have sought rate increases on certain yearly renewable term agreements. The Company is disputing the requested rate increases under these agreements. Certain reinsurers with whom the Company has disputes have initiated arbitration proceedings against the Company, and others may initiate them in the future. To the extent reinsurers have sought retroactive premium increases, the Company has accrued our current estimate of probable loss with respect to these matters.

Various other lawsuits against the Company have arisen in the ordinary course of business. The Company believes it is unlikely that contingent liabilities arising from such lawsuits will have a material adverse effect on the Company's financial position, results of operations or cash flows.

15. LEASES

A. Lessee Operating Lease

(1) The Company leases office space and equipment under lease agreements that expire at various times over the next several years. Rental expense for all leases was $16,321,766 and $18,321,319 for 2022 and 2021, respectively.

(2) At December 31, 2022, the minimum aggregate rental commitments are as follows:

December 31, 2022	Operating Leases
2023	$ 11,731,608
2024	5,186,489
2025	4,069,787
2026	3,948,245
2027	590,242
Thereafter	48,930
Total	$ 25,575,301

B. Lessor Leases

Lessor leasing is not a part of the Company's core business.

16. INFORMATION ABOUT FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK AND FINANCIAL INSTRUMENTS WITH CONCENTRATIONS OF CREDIT RISK

(1) The table below summarizes the notional amount of the Company's financial instruments with off-balance sheet risk at December 31:

	Assets		Liabilities	
	2022	2021	2022	2021
Futures	$ 2,697,189,509	$ 2,127,918,562	$ 672,101,334	$ 1,750,798,050
Options	68,696,719,342	63,644,260,140	38,864,752,105	36,059,958,202
Swaps	9,998,770,089	19,449,066,202	30,202,787,039	28,892,042,738
Total	$ 81,392,678,940	$ 85,221,244,904	$ 69,739,640,478	$ 66,702,798,990

(2) See Note 8 for a discussion of the credit risk, cash requirements and accounting policies related to these derivative instruments.

(3) The Company is exposed to potential credit-related losses in the event of non-performance by counterparties to financial instruments, but it does not expect any counterparties to fail to meet their obligations given their high credit ratings. The credit exposure of the Company's derivative contracts is limited to the fair value of such contracts that are favorable to the Company at the reporting date.

(4) The Company attempts to reduce exposure to credit risk to certain counterparties by entering into agreements that enable collateral to be obtained from a counterparty on an upfront or contingent basis. The Company minimizes the risk that counterparties might be unable to fulfill their contractual obligations by monitoring counterparty credit exposure and collateral value.

To limit credit risk to the Company and its major counterparties, the Company negotiates and enters into credit support agreements. The amount of collateral that is required is determined by the market value of the derivatives between the parties and the credit support agreement. The Company currently transfers or receives cash and/or fixed income securities to satisfy this collateral requirement.

The Company is required to maintain an initial margin balance for any futures contracts that are entered. The amount of margin that is required is determined by the exchange on which it is traded. The Company posts cash and/or securities to satisfy this margin requirement and is similarly secured by initial margin posted by other exchange participants.

17. SALE, TRANSFER AND SERVICING OF FINANCIAL ASSETS AND EXTINGUISHMENT OF LIABILITIES

A. Transfers of Receivables Reported as Sales

The Company had no transfers of receivables reported as sales during the periods covered by this statement.

B. Transfer and Servicing of Financial Assets

Securities Lending Program

The Company has a securities lending program, which was approved by its Board of Directors, that lends securities from the Company's investment portfolio to supplement liquidity or for other uses as deemed appropriate by management. Under the program, securities are lent to financial institutions, and in return the Company receives cash as collateral equal to 102 percent of the fair value of the loaned securities. The cash collateral received is invested in cash and/or short-term investments and partially used for short-term liquidity purposes based on conservative forecasts of cash flows. The aggregate amount of securities that the Company is able to lend under its program at any time is limited to five percent of its general account net admitted assets.

Repurchase Agreements

The Company is a party to secured financing transactions whereby certain securities are sold under agreements to repurchase (repurchase agreements), in which the Company transfers securities in exchange for cash, with an agreement by the Company to repurchase the same or substantially similar securities on agreed upon dates specified in the agreements. In all of these secured financing transactions, the securities transferred by the Company (pledged collateral) may be sold or repledged by the counterparties.

See Note 5.E. and Note 5.F. for additional information on collateral received and the securities subject to these agreements.

C. Wash Sales

The Company had no wash sales during the period covered by this statement.

18. GAIN OR LOSS TO THE REPORTING ENTITY FROM UNINSURED PLANS AND THE UNINSURED PORTION OF PARTIALLY INSURED PLANS

The Company did not serve as Administrative Services Only or Administrative Services Contract administrator to any uninsured plans during the periods covered by this statement.

19. DIRECT PREMIUMS WRITTEN/PRODUCED BY MANAGING GENERAL AGENTS/THIRD PARTY ADMINISTRATORS

For the years ending December 31, 2022 and 2021, direct premiums that were written through managing general agents or third party administrators were $161,568 and $197,053, respectively.

(3) See (2) above for amounts transferred into or out of Level 3.

Assets are transferred out of Level 3 when circumstances change such that significant inputs can be corroborated with market observable data or when the asset is no longer carried at fair value. This may be due to a significant increase in market activity for the asset, a specific event, one or more significant inputs becoming observable or when a long-term interest rate significant to a valuation becomes short-term and thus observable. Transfers out of level 3 can also occur due to favorable credit migration resulting in a higher NAIC designation. Securities are generally transferred into Level 3 due to a decrease in market transparency, downward credit migration and an overall increase in price disparity for certain individual security types. The Company's policy is to recognize transfers in and out at the end of the reporting period, consistent with the date of the determination of fair value.

(4) The Company maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. The following is a description of the valuation methodologies used for instruments carried at fair value:

Bonds & Preferred Stocks

Bonds with NAIC 6 or 6* ratings and redeemable preferred stocks with NAIC 4, 5 or 6 ratings are carried at the lower of amortized cost or fair value. Perpetual preferred stocks are carried at fair value, not to exceed any currently effective call price. The Company maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. Whenever available, the Company obtains quoted prices in active markets for identical assets at the balance sheet date to measure at fair value. Market price data generally is obtained from exchange or dealer markets.

The Company estimates the fair value of securities not traded in active markets, by referring to traded securities with similar attributes, using dealer quotations, a matrix pricing methodology, discounted cash flow analyses or internal valuation models. This methodology considers such factors as the issuer's industry, the security's rating and tenor, its coupon rate, its position in the capital structure of the issuer, yield curves, credit curves, prepayment rates and other relevant factors. For bonds that are not traded in active markets or that are subject to transfer restrictions, valuations are adjusted to reflect illiquidity and/or non-transferability, and such adjustments generally are based on available market evidence. In the absence of such evidence, management's best estimate is used.

Incorporation of Credit Risk in Fair Value Measurements

Fair values for bonds and preferred stocks based on observable market prices for identical or similar instruments implicitly include the incorporation of counterparty credit risk. Fair values for bonds and preferred stocks based on internal models incorporate counterparty credit risk by using discount rates that take into consideration cash issuance spreads for similar instruments or other observable information.

Common Stocks

Whenever available, the Company obtains quoted prices in active markets for identical assets at the balance sheet date to measure marketable equity securities at fair value. Market price data generally is obtained from exchange or dealer markets.

Derivative Assets and Liabilities

Derivative assets and liabilities can be exchange-traded or traded OTC. The Company generally values exchange-traded derivatives using quoted prices in active markets for identical derivatives at the balance sheet date.

OTC derivatives are valued using market transactions and other market evidence whenever possible, including market-based inputs to models, model calibration to market clearing transactions, broker or dealer quotations or alternative pricing sources with reasonable levels of price transparency. When models are used, the selection of a particular model to value an OTC derivative depends on the contractual terms of, and specific risks inherent in, the instrument as well as the availability of pricing information in the market. The Company generally uses similar models to value similar instruments. Valuation models can require a variety of inputs, including contractual terms, market prices and rates, yield curves, credit curves, measures of volatility, prepayment rates and correlations of such inputs. For OTC derivatives that trade in liquid markets, such as generic forwards, swaps and options, model inputs can generally be corroborated by observable market data by correlation or other means, and model selection does not involve significant management judgment.

Certain OTC derivatives trade in less liquid markets with limited pricing information, and the determination of fair value for these derivatives is inherently more difficult. When the Company does not have corroborating market evidence to support significant model inputs and cannot verify the model using market transactions, the transaction price is initially used as the best estimate of fair value. Accordingly, when a pricing model is used to value such an instrument, the model is adjusted so the model value at inception equals the transaction price. Subsequent to initial recognition, the Company updates valuation inputs when corroborated by evidence such as similar market transactions, third-party pricing services and/or broker or dealer quotations, or other empirical market data. When appropriate, valuations are adjusted for various factors such as liquidity, bid/offer spreads and credit considerations. Such adjustments are generally based on available market evidence. In the absence of such evidence, management's best estimate is used.

Separate Account Assets

Separate account assets are comprised primarily of registered and open-ended variable funds that trade daily and are measured at fair value using quoted prices in active markets for identical assets. Certain separate account assets are carried at amortized cost, as described in Note 34.

The Company had no troubled debt restructuring that occurred during the periods covered by this statement.

C. Other Disclosures

Sale of Certain AIG Life and Retirement Retail Mutual Funds Business

On February 8, 2021, Corebridge announced the execution of a definitive agreement with Touchstone Investments, Inc. (“Touchstone”), an indirect wholly-owned subsidiary of Western & Southern Financial Group, to sell certain assets of our retail mutual funds business. This sale consisted of the reorganization of twelve of the retail mutual funds managed by our subsidiary SunAmerica Asset Management LLC (‘SAAMCo”) into certain Touchstone funds and was subject to certain conditions, including approval of the fund reorganizations by the retail mutual fund boards of directors/trustees and fund shareholders. The transaction closed on July 16, 2021, at which time Corebridge received initial proceeds and recognized a gain on the sale of $103 million. Concurrently, the twelve retail mutual funds managed by SAAMCo, with $6.8 billion in assets, were reorganized into Touchstone funds. Additional consideration may be earned over a three-year period based on asset levels in certain reorganized funds. Six retail mutual funds managed by SAAMCo and not included in the transaction were liquidated. Corebridge continues to retain our fund management platform and capabilities dedicated to our variable annuity insurance products.

Events Related to AIG and Corebridge

Separation of Life and Retirement Business and Relationship with Blackstone

On September 19, 2022, Corebridge completed an initial public offering (the “IPO”) in which AIG sold 80 million shares of Corebridge common stock to the public. Following the IPO, AIG owns 77.7% of the outstanding common stock of Corebridge. AIG is a publicly-traded entity, listed on the New York Stock Exchange (NYSE:AIG). The term “AIG” means AIG and its consolidated subsidiaries, unless the context refers to AIG only.

On November 2, 2021, Argon Holdco LLC (“Argon”), a wholly-owned subsidiary of Blackstone, Inc. (“Blackstone”), acquired a 9.9% equity stake in Corebridge and Corebridge entered into a long-term asset management relationship with Blackstone. Pursuant to the partnership, we initially transferred $50 billion of assets in our investment portfolio to Blackstone. As of December 31, 2022, the book value of the assets transferred to Blackstone was $48.9 billion. Further beginning in the fourth quarter of 2022, we transferred $2.1 billion to Blackstone and will transfer $2.1 billion each quarter for an aggregate of $92.5 billion by the third quarter of 2027.

Pursuant to the Stockholders' Agreement that Corebridge entered into with AIG and Argon at the time of acquisition of Argon's Corebridge equity stake, Argon may not sell its ownership interest in Corebridge subject to exceptions permitting Argon to sell 25%, 67% and 75% of its shares after the first, second and third anniversaries, respectively, of the IPO, with the transfer restrictions terminating in full on the fifth anniversary of the IPO. Also, until Argon no longer owns at least 50% of its initial investment in Corebridge, it will have the right to designate for nomination for election one member of the Corebridge board of directors.

Prior to the IPO, Corebridge and certain U.S. subsidiaries were included in the consolidated federal income tax return of AIG as well as certain state tax returns where AIG files on a combined or unitary basis. The provision for income taxes is calculated on a separate return basis. Following the IPO, AIG owns a less than 80% interest in Corebridge, resulting in tax deconsolidation of Corebridge from the AIG Consolidated Tax Group and in a small minority of state jurisdictions which follow federal consolidation rules, the most significant being Florida. In addition, under applicable tax law, AGC and its directly owned life insurance subsidiaries (the "AGC Group") will not be permitted to join in the filing of a U.S. consolidated federal income tax return with our other subsidiaries (collectively, the "Non-Life Group") for the five-year waiting period. Instead, the AGC Group is expected to file separately as members of the AGC consolidated U.S. federal income tax return during the five-year waiting period. Following the five-year waiting period, the AGC Group is expected to join the U.S. consolidated federal income tax return with the Non-Life Group.

On November 1, 2021, Corebridge declared a dividend payable to AIG in the amount of $8.3 billion. In connection with such dividend, Corebridge issued a promissory note to AIG in the amount of $8.3 billion. As of September 30, 2022, the promissory note to AIG has been paid in full.

On December 15, 2021, Corebridge and Blackstone Real Estate Income Trust ("BREIT"), a long-term, perpetual capital vehicle affiliated with Blackstone, completed the acquisition by BREIT of the Company's interests in a U.S. affordable housing portfolio for $4.9 billion, in an all cash transaction, subject to certain adjustments, resulting in a pre-tax gain of $3.0 billion.

Investment Management Agreements with BlackRock

On March 28, 2022, Corebridge announced entry into a binding letter of intent with BlackRock pursuant to which certain of our U.S. and non-U.S. subsidiaries would enter into investment management agreements with BlackRock. We have since entered into such investment management agreements for the U.S. subsidiaries. Overall, we expect to transfer the management of up to $90 billion of our investment of liquid fixed income and certain private placement assets, by the end of 2022. The investment management agreements contain detailed investment guidelines and reporting requirements. These agreements also contain reasonable and customary representations and warranties, standard of care, expense reimbursement, liability, indemnity and other provisions. The investment management agreements continue unless terminated by either party on 45 days' notice or by us immediately for cause. We continue to be responsible for our overall investment portfolio, including decisions surrounding asset allocation, risk composition and investment strategy. The investment management agreements for certain of our non-U.S. subsidiaries were executed by the end of 2022.

Fortitude Re

Fortitude Re was established during the first quarter of 2018 in a series of reinsurance transactions related to AIG's run-off operations. Those reinsurance transactions were designed to consolidate most of AIG's Insurance run-off lines into a single legal entity. As of December 31, 2022, approximately $29.0 billion of reserves from Corebridge Run-Off Lines and approximately $3.2 billion of reserves from AIG's General Insurance Run-Off Lines related to business written by multiple wholly-owned AIG subsidiaries, had been ceded to Fortitude Re under these reinsurance transactions.

Of the Fortitude Re reinsurance agreements, the largest is the Amended and Restated Combination Coinsurance and Modified Coinsurance Agreement by and between Corebridge's subsidiary, AGL and Fortitude Re. Under this treaty, approximately $22.1 billion of AGL reserves as of December 31, 2022 were ceded to Fortitude Re representing a mix of life and annuity risks. Fortitude Re provides 100 percent reinsurance of the ceded risks. AGL retains the risk of collection of any third party reinsurance covering the ceded business. At effectiveness of the treaty, an amount equal to the aggregate ceded reserves was deposited by AGL into a modified coinsurance account of AGL to secure the obligations of Fortitude Re. Fortitude Re receives or makes quarterly payments that represent the net gain or loss under the treaty for the relevant quarter, including any net investment gain or loss on the assets in the modified coinsurance account. . In December 2022, the management of most of the public fixed income securities in the modified coinsurance account was transitioned to BlackRock. In accordance with the terms of the treaty, following the third anniversary of the June 2, 2020 closing of the sale of our majority interest in Fortitude Group Holdings, L.L.C., Fortitude Re has increased rights to direct the appointment of investment managers to manage the assets in the modified coinsurance account.

Following receipt of all regulatory approvals and the satisfaction of other conditions, effective as of January 1, 2022, AIG sold to an affiliate of Fortitude Re all of the outstanding capital stock of two servicing companies that administer the Life and Retirement and General Insurance ceded business, and the ceding insurers entered into administrative services agreements pursuant to which AIG transferred administration of certain Life and Retirement and General Insurance ceded business to such companies.

Transfer of AIG Technologies, Inc and Eastgreen Inc.

In connection with the Reorganization, Corebridge and AIG entered into agreements under which Corebridge purchased AIG Technologies, Inc. ("AIGT") and Eastgreen, Inc. ("Eastgreen") from AIG affiliates on February 28, 2022 for total consideration of $107 million. AIGT provides data processing, technology and infrastructure services to Corebridge and AIG entities in the United States, including management of AIG hardware and networks. AIGT utilizes two data centers to provide its services. The real estate related to the two data centers is owned by Eastgreen. To the extent needed, AIGT will continue to provide services to AIG for a transition period.

Standard of Care Developments

The Company provides products and services to certain employee benefit plans that are subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and/or the Code. Plans subject to ERISA include certain pension and profit-sharing plans and welfare plans, including health, life and disability plans. As a result, our activities are subject to the restrictions imposed by ERISA and the Code, including the requirement under ERISA that fiduciaries must perform their duties solely in the interests of ERISA plan participants and beneficiaries, and that fiduciaries may not cause a covered plan to engage in certain prohibited transactions. The applicable provisions of ERISA and the Code are subject to enforcement by the DOL, the IRS and the Pension Benefit Guaranty Corporation.

The Company and our distributors are subject to laws and regulations regarding the standard of care applicable to sales of our products and the provision of advice to our customers. In recent years, many of these laws and regulations have been revised or reexamined while others have been newly adopted. We closely monitor these legislative and regulatory activities and evaluate the impact of these requirements on us and our customers, distribution partners and financial advisers. Where needed, we have made significant investments to implement and enhance our tools, processes and procedures, to comply with the final rules and interpretations. These efforts and enhancements have resulted in increased compliance costs and may impact sales results and increase regulatory and litigation risk. Additional changes in standard of care requirements or new standards issued by governmental authorities, such as the DOL, the SEC, the NAIC or state regulators and/or legislators, have impacted, and may impact our businesses, results of operations and financial condition.

COVID-19

We are continually assessing the impact on our business, operations and investments of COVID-19 and the resulting ongoing economic and societal disruption. These impacts initially included a global economic contraction, disruptions in financial markets, increased market volatility and declines in certain equity and other asset prices that had negative effects on our investments, our access to liquidity, our ability to generate new sales and the costs associated with claims. Further, significant legislative and regulatory activity has occurred at both the U.S. federal and state levels, as well as globally. We cannot predict what form future legal and regulatory responses to concerns about COVID-19 and related public health issues will take, or how such responses will impact our business.

The most significant impacts relating to COVID-19 have been the impact of interest rate, credit spreads and equity market levels on spread and fee income, and increased mortality. We are actively monitoring the mortality rates and the potential direct and indirect impacts that COVID-19 may have across our businesses. The last two quarters saw the fewest national fatalities since the start of the pandemic. Actual data related to cause of death is not always available for all claims paid, and such cause of death data does not always capture the existence of comorbid conditions. The regulatory approach to the pandemic and impact on the insurance industry is continuing to evolve and its ultimate impact remains uncertain.

We have a diverse investment portfolio with material exposures to various forms of credit risk. To date, there has been minimal impact on the value of the portfolio. At this point in time, uncertainty surrounding the duration and severity of the COVID-19 pandemic makes the long-term financial impact difficult to quantify.

COVID-19 continued to have an impact in 2022. Circumstances resulting from the COVID-19 pandemic, in addition to an increase in claims, may also impact utilization of benefits, lapses or surrenders of policies and payments of insurance premiums, all of which have impacted and could further impact the revenues and expenses associated with our products.

D. Business Interruption Insurance Recoveries

The Company did not receive any business interruption insurance recoveries during the periods covered by this statement.

E. State Transferable and Non-Transferable Tax Credits

The Company had no state transferable tax credits during the years ending December 31, 2022 or 2021.

F. Subprime Mortgage Related Risk Exposure

The following features are commonly recognized characteristics of subprime mortgage loans:

- An interest rate above prime to borrowers who do not qualify for prime rate loans;
- Borrowers with low credit ratings (FICO scores);
- Interest-only or negative amortizing loans;
- Unconventionally high initial loan-to-value ratios;

- Low initial payments based on a fixed introductory rate that expires after a short initial period, then adjusts to a variable index rate plus a margin for the remaining term of the loan;
- Borrowers with less than conventional documentation of their income and/or net assets;
- Very high or no limits on how much the payment amount or the interest rate may increase at reset periods, potentially causing a substantial increase in the monthly payment amount, and/or;
- Substantial prepayment penalties and/or prepayment penalties that extend beyond the initial interest rate adjustment period.

(1) Non-agency RMBS can belong to one of several different categories depending on the characteristics of the borrower, the property and the loan used to finance the property. Categorization is a function of FICO score, the type of loan, loan-to-value ratio, property-type and loan documentation.

Generally, subprime loans are made to borrowers with low FICO scores, low levels of equity and reduced income/asset documentation. Due to these characteristics, subprime borrowers pay a substantially higher interest rate than prime borrowers. In addition, they often utilize mortgage products that reduce their monthly payments in the near-term. These include adjustable-rate mortgages with low initial rates or interest-only loans. Borrowers in products like this often experience significant “payment shock” when the teaser payment resets upwards after the initial fixed period.

The primary classification mechanism the Company uses for subprime loans is FICO score. Specifically, a pool with an average FICO at origination less than 650 is considered to be subprime. However, the Company may subjectively adjust this classification based on an assessment of the other parameters mentioned above.

To monitor subprime securities, the Company uses a model with vintage-specific assumptions for delinquency roll rates, loss severities and the timing of losses. As and when needed, these vintage-based assumptions are supplemented with deal-specific information including, but not limited to, geographic distribution, realized loss severities, trigger status and scenario analysis.

(2) The Company has no direct exposure through investments in subprime mortgage loans.

(3) The Company’s exposure through other investments is primarily in RMBS, as described above. The following provides information for the Company’s investments with subprime exposure as of December 31, 2022:

Investments with subprime exposure	Actual cost	Book adjusted carrying value	Fair value	OTTI recognized to date
a. RMBS	$ 921,197,519	$ 842,072,854	$ 962,940,472	$ (13,809,628)

(4) The Company has no underwriting exposure to subprime mortgage risk through Mortgage Guaranty or Financial Guaranty insurance coverage.

G. Retained Assets

(1) The Company reports its retained asset accounts as supplemental contracts without life contingencies. The Company is custodian of retained asset account funds, earns interest and has use of the funds until beneficiaries withdraw them (either partially or fully) from their accounts.The Company credited interest rate to account holders for accounts set up from Life policies at the beginning of the year was 1.00 percent and remained unchanged for the rest of 2022. The Company credited interest rate to account holders for accounts set up from Annuities at the beginning of the year was .25 percent and remained unchanged for the rest of 2022. A small number of accounts established prior to July 1991 were credited a rate of 4.50 percent in accordance with their contracts.

Account fees and check book costs are paid by the Company. Account holders are charged a fee for certain services they request such as non-sufficient fund fees, stop pay orders, statement copies, and overnight express fees.

The Company’s claim form contains payout options, including the fact that the claimant has the right to receive a settlement check in the amount of the full death benefit or select a retained asset account. If the claimant does not specifically select a retained asset account, then a Company settlement check is issued.

22. EVENTS SUBSEQUENT

Subsequent events have been considered through February 27, 2023 for the statutory statement issued on February 28 , 2023.

Type I – Recognized Subsequent Events:

There are no recognized Type I subsequent events.

Type II – Non-recognized Subsequent Events:

The Company is subject to an annual fee under Section 9010 of the Affordable Care Act (“ACA”). This annual fee will be allocated to individual health insurers based on the ratio of the amount of the entity’s net premiums written during the preceding calendar year to the amount of health insurance for any U.S. health risk that is written during the preceding

calendar year. A health insurance entity's portion of the annual fee becomes payable once the entity provided health insurance for any U.S. health risk for each calendar year beginning on or after January 1 of the year the fee is due.

As of December 31, 2022, the Company has not written health insurance subject to the ACA assessment, does not expect to conduct health insurance business in 2022, and estimates their portion of the annual health insurance industry fee to be payable on September 30, 2023 to be $0. This assessment did not impact RBC. Reporting the ACA assessment as of December 31, 2022, would not have triggered an RBC action level.

23. REINSURANCE

A. Ceded Reinsurance Report

Section 1 – General Interrogatories

(1) Are any of the reinsurers, listed in Schedule S as non-affiliated, owned in excess of 10% or controlled, either directly or indirectly, by the Company or by any representative, officer, trustee, or director of the company?

Yes ( ) No (X) If yes, give full details.

(2) Have any policies issued by the Company been reinsured with a company chartered in a country other than the United States (excluding U.S. Branches of such companies) that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor or an insured or any other person not primarily engaged in the insurance business?

Yes ( ) No (X) If yes, give full details.

Section 2 – Ceded Reinsurance Report – Part A

(1) Does the Company have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than for non-payment of premium or other similar credits?

Yes ( ) No (X)

(2) Does the Company have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts that, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premium collected under the reinsured policies?

Yes ( ) No (X)

Section 3 – Ceded Reinsurance Report – Part B

(1) What is the estimated amount of the aggregate reduction in surplus, (for agreements other than those under which the reinsurer may unilaterally cancel for reasons other than for non-payment of premium or other similar credits that are reflected in Section 2 above) of termination of ALL reinsurance agreements, by either party, as of the date of this statement? Where necessary, the Company may consider the current or anticipated experience of the business reinsured in making this estimate.

At December 31, 2022, the termination of reinsurance agreements will result in a reduction in surplus of approximately $9.1 billion, net of tax.

(2) Have any new agreements been executed, or existing agreements amended, since January 1 of the year of this statement, to include policies or contracts that were in force or which had existing reserves established by the Company as of the effective date of the agreement?

Yes (X) No ( )

Effective January 1, 2022, a new agreement with New Reins Co Ltd was executed. There are $4.8 million of reserve credit reported on this treaty.

Effective December 31, 2022, the Company entered into a new excess of loss agreement. Please refer to Footnote 1 for more details.

B. Uncollectible Reinsurance

Scottish Re (U.S.), Inc. was placed into regulatory supervision in December 2018 due to its deteriorating financial condition and the Chancery Court of Delaware subsequently issued a Rehabilitation Order concerning Scottish Re in March 2019. Scottish Re released a plan of rehabilitation in July of 2020, and released an amended plan on January 15, 2021. We have been, and will continue to analyze the economic consequences to the company under each of the plan options. Scottish ceded claim recoveries of $32.8 million and ceded reserve credits of $14.9 million have been negated from the balance sheet at December 31, 2022 and will remain fully reserved until such time that any direction is provided by the rehabilitator, which we will evaluate.

C. Commutation of Ceded Reinsurance

Yes (X) No ( )

Yes (X) No ( )

On November 28, 2022, the Company commuted several of its reinsurance treaties with General Re Life Corp with an effective date of June 20, 2020. The Company's operating results for the current year prior to the commutation of this reinsurance contract reflected no gain or loss.

As a result of the General Re Life Corp commutation, the Company's pre-tax earnings reflected the following:

December 31, 2022		Income (Expense)
Claims incurred	$	(165,075,131)
Claims adjustment expenses incurred		—
Premiums earned		133,298,860

(5) ACA Risk Corridors Receivable as of Reporting Date

The Company had no material amounts to disclose at December 31, 2022.

25. CHANGE IN INCURRED LOSSES AND LOSS ADJUSTMENT EXPENSES

Reserves for incurred losses and loss adjustment expenses attributable to insured events of prior years are re-determined periodically based upon re-estimation of unpaid losses and loss adjustment expenses. The redetermination is generally the result of on-going analysis of recent loss development trends. Original estimates are increased or decreased as additional information becomes known regarding individual claims.

During 2022, the Company had no material change in incurred losses resulting from insured events occurring in prior years.

26. INTERCOMPANY POOLING ARRANGEMENTS

The Company had no intercompany pooling arrangements.

27. STRUCTURED SETTLEMENTS

The Company does not have structured settlements for which it is contingently liable.

28. HEALTH CARE RECEIVABLES

The Company does not have health care receivables.

29. PARTICIPATING POLICIES

For the year ended December 31, 2022, premium income from individual life and annuity participating policies was $44,781,714 or less than 1 percent of total premium income. The Company accounts for policyholder dividends based upon SSAP No. 51, “Life Contracts”. The Company paid dividends in the amount of $9,766,883 to policyholders and did not allocate any additional income to such policyholders.

NOTES TO FINANCIAL STATEMENTS

30. PREMIUM DEFICIENCY RESERVES

At December 31, 2022, the Company had premium deficiency reserves of $77,564,571 related to accident and health policies. The Company considers anticipated investment income when determining the need for any premium deficiency reserves.

31. RESERVES FOR LIFE CONTRACTS AND ANNUITY CONTRACTS

(1) The Company waives deduction of deferred fractional premiums upon death of the insured and for traditional life insurance, returns any portion of the final premium for periods beyond the date of death. The reserve related to this treatment of premium is at least as great as the reserve computed using the minimum standards of mortality, interest, and valuation method and is reported in Exhibit 5, Miscellaneous Reserves.

(2) For policies carrying a temporary extra premium or a flat extra premium because of occupation, habitat, aviation, or a substandard extra premium based on a substandard mortality table, the extra reserve is either (1) the product of such extra premium and a factor, where the factor varies by duration and type of plan and is based on appropriate multiples of standard rates of mortality, or (2) the mean reserve based on the multiple table mortality, less the standard policy reserve. In addition, an extra mortality reserve, which is determined using mortality rates appropriately increased over the standard mortality rates, is held for ordinary life insurance policies classified as group conversions.

Substandard structured settlement annuity reserves are determined by making a constant addition to the mortality rate of the applicable valuation mortality table so that the life expectancy on the adjusted table is equal to the life expectancy determined by the Company's underwriters at issue.

(3) At December 31, 2022, the Company had $40,440,430,330 of insurance in force for which the gross premiums are less than the net valuation premiums according to the standard valuation set by the State of Texas.

(4) Determination of tabular interest has been determined by formula as described in the instructions for Page 7, except for interest sensitive reserves which include fund accumulations, for which tabular interest has been determined from basic data.

(5) The Investment Earnings Credited to the Account (Exhibit 7, Line 3) for deposit type contracts includes fund accumulations for which tabular interest has been determined from basic data, or the reserve-weighted method was used to determine interest.

35. SEPARATE ACCOUNTS

A. Separate Account Activity

(1) Separate account assets and liabilities generally represent funds for which the contract holder, rather than the Company, bears the investment risk. Separate account contract holders have no claim against the assets of the general account of the Company, except for certain minimum guarantees made by the Company. Separate account assets are generally reported at fair value.

Variable annuity contracts may include certain contractually guaranteed benefits to the policyholder. These guaranteed features include guaranteed minimum death benefits (“GMDB”) that are payable in the event of death, and living benefits that are payable in the event of annuitization, or, in other instances, at specified dates during the accumulation period. The Company’s GMDBs generally provide an incidental death benefit of the return of account value or return of premium. A small subset provides an incidental death benefit of the maximum account value up to age 80 and return of premium thereafter. Living benefits include guaranteed minimum withdrawal benefits (“GMWB”). The Company’s GMDB and GMWB reserves are held in the Company’s general account in Exhibit 5.

Certain other separate accounts relate to market value adjusted fixed and fixed indexed annuity contracts in which the assets are carried at amortized cost. These policies are required to be held in the Company's separate account by certain states, including Texas.

Certain other separate accounts relate to flexible-premium adjustable life insurance and pension risk transfer annuities in which the assets are carried at amortized cost. These contracts provide the greater of guaranteed interest returns defined in the policy or interest in excess of the guaranteed rate as defined by the Company.

All variable products are in accordance with Texas Insurance Code § 1152.051.

General account reserves of $81,756,000 and $13,777,000 were established for the separate account reserve in excess of assets in subaccounts TFA1-B and TFA1-D, respectively.

GENERAL INTERROGATORIES

31. Provide the following information for all short-term and long-term bonds and all preferred stocks. Do not substitute amortized value or statement value for fair value.

	1 Statement (Admitted) Value	2 Fair Value	3 Excess of Statement over Fair Value (-), or Fair Value over Statement (+)
31.1 Bonds	108,867,305,188	95,249,947,579	(13,617,357,609)
31.2 Preferred stocks	93,128,093	88,886,511	(4,241,582)
31.3 Totals	108,960,433,281	95,338,834,090	(13,621,599,191)

31.4 Describe the sources or methods utilized in determining the fair values:

Fair market value was predominantly based on external pricing sources. To a lesser extent, internal pricing models were used when external prices were not available. See Note 20 Fair Value Measurements for information regarding the sources or methods utilized in determining fair value.

32.1 Was the rate used to calculate fair value determined by a broker or custodian for any of the securities in Schedule D? ..... Yes [X] No [ ]

32.2 If the answer to 32.1 is yes, does the reporting entity have a copy of the broker's or custodian's pricing policy (hard copy or electronic copy) for all brokers or custodians used as a pricing source? ..... Yes [ ] No [X]

32.3 If the answer to 32.2 is no, describe the reporting entity's process for determining a reliable pricing source for purposes of disclosure of fair value for Schedule D:

Broker-priced items are typically priced via a single broker quote from the underwriter or another dealer knowledgeable about the security. It is AIGs experience that broker/dealers and custodial banks rarely provide a written account of their pricing methodologies. AIG performs various pricing reviews and testing of its securities to obtain comfort that the broker quotes were reflective of transactions between market participants. Testing is generally performed on a monthly basis to identify assets that require further review based on certain parameters. These reviews include an evaluation of significant price changes as well as price variances from other available internal and external sources. In certain circumstances, AIG may contact the broker directly for more information.

33.1 Have all the filing requirements of the Purposes and Procedures Manual of the NAIC Investment Analysis Office been followed? ..... Yes [ ] No [X]

33.2 If no, list exceptions:

Asterisk	Explanation
1	Schedule Y does not include approximately 1,633 entities that are (i) real estate joint ventures and related entities, or employee investment vehicles, (ii) affordable housing investment partnerships and subsidiaries of affordable housing investment partnerships, and (iii) miscellaneous entities (e.g., trusts and funds).
	(i) Real Estate Joint Ventures and Related Entities or Employee Investment Vehicles – Approximately 886 entities:
	These include partnerships, limited liability companies, corporations, and their foreign counterparts some of which purchase, develop or redevelop, manage, and sell commercial real estate throughout the world, and some which constitute the holding structures for legacy investment funds currently in wind down, or provide profit-sharing and investment participation. Some of the entities have been formed to hold real estate investments and some are former real estate joint venture entities that AIG received the interests of after the termination of the real estate joint venture.
	(ii) Affordable Housing Investment Partnerships and Subsidiaries of Affordable Housing Investment Partnerships – Approximately 736 entities:
	These include affordable housing investment partnerships and affiliated limited partnerships involved in AIG's legacy affordable housing business. The investment partnerships and affiliated limited partnership are controlled by Corebridge Financial, Inc. ("Corebridge"), formerly SAFG Retirement Services, Inc., as general partner or by American General Life Insurance Company (an indirect subsidiary of Corebridge). On December 15, 2021, AIG and Blackstone Real Estate Income Trust ("BREIT") completed the acquisition by BREIT of AIG's interests in a portion of AIG's U.S. affordable housing portfolio of assets from its legacy affordable housing business.
	(iii) Miscellaneous – Approximately 11 entities:
	There are approximately 6 funds and 5 trusts.
2	Where the type of Control is by ownership, any type of Control which may exist in addition to ownership is not disclosed.
3	Although neither AIG nor Corebridge have an ownership interest in the following entities, it may be considered controlled since Corebridge has the power to direct or cause the direction of the entity's management or investments through contract:
	Curie Receivables Trust 2017-A
	AIG CLO 2021-3, LLC
	AIG Rover Sub II, LLC
	AIG Rover, LLC
	AIG 19-1 Reset Warehouse, LLC
	Tern Investments I, LLC – Series 2022-1A
